

DOCK WORKERS WILLING TO GO BACK TO WORK AND LEAVE EVERYTHING TO ARBITRATION

PRESIDENT MOYER, OF WESTERN FEDERATION, IS RELEASED ON BAIL

Co-Defendant With Haywood, Charged With Steunenberg Murder.

Held for Future Trial in the Sum of \$25,000.

Question of Pettibone's Release on Bail Being Considered.

Boise, Idaho, July 29.—Charles H. Moyer, president of the Western Federation of Miners and co-defendant with William D. Haywood, who on yesterday was acquitted of the murder of former Governor Steunenberg, was admitted to bail in the sum of \$25,000 and released this afternoon. An agreement to this end was reached this morning between counsel for the state and defense, but the making of the formal application and entry was postponed from 10 a. m., at which hour court reconvened today, until 2 p. m. The delay was asked for to allow further conference between counsel as to what action shall be taken in the case of George A. Pettibone, the third of the noted defendants brought from Colorado to Idaho eighteen months ago. It is understood that the attorneys for the state will oppose bail for Pettibone in any sum whatever. Judge Wood announced that he would not adjourn court for the term until tomorrow night and any order agreed upon by the attorneys might be entered up to that time.

The big courtroom today presented a far different picture from the closing

MICHIGAN MEN AFTER CRUISER

Members of Naval Militia to Sail From Boston to Detroit.

Portsmouth, N. H., July 29.—The former Spanish cruiser Don Juan de Austria, which has been loaned to Michigan for the use of its naval brigade, has sailed for Boston, manned by the Michigan militiamen and a detail of twenty men from the United States navy. At Boston the cruiser will take on ammunition and will then sail for Detroit, via St. Lawrence river.

RENEWAL OF HOSTILITIES

Between Frisco Telegraphers and Companies Likely.

Men Claim Agreement of Settlement is Not Observed.

San Francisco, July 29.—A renewal of hostilities is threatened between the telegraphers and their employers. The local union served notice yesterday on the Western Union that in its latest spirit of agreement, which settled the strike, was not being observed by the corporation. Resolutions were passed expressing the intention of the union to take the matter up with the higher officials of the Western Union. It is claimed by the union that, despite stipulations to the contrary, in the agreement, the operators who went on strike are being discriminated against. Complaint is also made that the operators are forced by the Postal and Western Union to work from twelve to fifteen hours a day. President Small of the international union has been requested to remain for the present in San Francisco.

BIG HOTEL IN FLAMES

Eight Hundred Guests at Long Beach Flee for Lives.

As Far as Known No One Was Killed or Hurt.

Long Beach, L. I., July 29.—Eight hundred guests of the Long Beach hotel, one of the largest seashore hotels on the Atlantic coast had to flee for their lives early today, when the hotel was burned to the ground. There was no loss of life and so far as can be learned no one was injured. The guests fled almost all their clothing and personal effects. The fire was discovered on the first floor shortly after 6 o'clock. Hall boys and clerks hurried through the smoky corridors and roused the sleeping guests. The flames spread so rapidly in the great wooden structure that the guests had barely time to seize some scanty clothing and escape. They fled to the benches and were taken care of by the cottagers. The hotel burned like tinder and within a short time was a mass of smoking ruins. It was three stories high and nearly 600 feet in length and when filled to its capacity housed 1,500 persons. The loss is about \$200,000.

VETERAN STILL UNDER ARREST

Gen. Pickett, Now Dying, Never Released From Old Order.

Worcester, Mass., July 29.—Gen. Josiah Pickett, 85 years old, and a veteran of the Civil war, is said to be dying here, technically a military prisoner. He has been under arrest, it is stated, ever since the battle of Cold Harbor and has declared that he will die under arrest. Pickett was colonel of the Twenty-fifth Massachusetts during the fighting at Cold Harbor and in a fit of anger under the heat of the fight, replied roughly to Gen. Starnard, for superior. The latter promptly placed him under arrest and took his sword. Later Pickett was commended by Starnard for his bravery in the Cold Harbor battle while heading a charge, but the record of arrest was never changed and Gen. Pickett has been officially under arrest over forty years.

AGREEMENT IS REACHED

Between Governor of North Carolina and the Railroads.

Grand Jury of State Court is Dismissed for Present.

Asheville, N. C., July 29.—In the state superior court today Judge Gulon informed the grand jury that he had been advised that Governor Glenn and the railroads had reached an agreement at a conference at Raleigh on Saturday last, but if the railroads failed in any respect to live up to provisions of this agreement he would call the jury back for further instructions. This confirms the report circulated Saturday that Judge Gulon intended to charge the grand jury to bring in additional indictments. Attorneys representing the Atlantic coast line joined the attorneys for the Southern here today and it is said to be their purpose to file some highly interesting documents coincident with their request for a modification of Judge Pritchard's injunction order which will be made pursuant to the peace agreement. Those documents which are intended for the ultimate consideration of the supreme court of the United States will allege that the railroads relinquish what they regard as their constitutional rights under various local laws of the hostility of certain newspapers, the pernicious activity of certain politicians and resultant demoralization among their men. The documents, it is believed, will be filed today.

RUMOR SAYS HAYWOOD WILL COME TO DULUTH TO DIRECT MINERS' STRIKE

Many of Whom Belong to the Western Federation.

Haywood Receives Many Congratulations on His Acquittal.

Chicago, July 29.—National secretary of the Socialist party, J. Mahlon Barnes, last night sent the following telegram to William D. Haywood, who was yesterday set free at Boise, Idaho:

"Greetings and congratulations. Your vindication brings inexpressible joy to your comrades and fellow workers everywhere. The verdict is a complete rout for the conspirators and a signal victory for the working class. Greetings to your companions, the 'undesirable citizens' Moyer and Pettibone."

It was reported during the day that Haywood would go to Duluth, Minn., for the purpose of taking charge of the strike of the iron ore miners, many of whom are members of the Western Federation of Miners.

BRYAN IS PLEASED.

Could Not See How Any Other Verdict Could Have Been Given.

Chicago, July 29.—In a special to the Tribune, Sen. Peoria, Ill., W. J. Bryan is quoted on the verdict at Boise, Idaho, as follows:

"I am glad to learn of the verdict and that it was not guilty. I watched the trial and did not see how any one could be found guilty on Orchard's testimony. Every crime he charged was one he himself suggested and it was shown he was in communication with the mine owners and attempting to induce the defendants to engage in crime."

"The manner in which the prisoners were taken from Colorado was hardly in keeping with a fair prosecution."

MINERS PARADE

Through Streets of Butte in Honor of Haywood's Release.

Butte, Mont., July 29.—Seven thousand miners and other union workers of Butte paraded the streets in this city last evening as an expression of their gratification at the acquittal of William D. Haywood.

TWENTY LIVES LOST IN FIRE

Police Announce That Number of Victims in Tenement House.

New York, July 29.—After an all night search of the ruins of the six-story tenement at No. 222 Christie street, which was burned shortly after

midnight, the police announce that there were twenty victims of the fire. The bodies of the dead were found in all sorts of unexpected places to which they had fled when the fire broke out. Almost all of the bodies were burned beyond recognition, many to such an extent that it was impossible to distinguish the sex.

Another score, though they escaped with their lives, were more or less burned or otherwise injured. It is thought the fire was caused by an explosion, a citizen reporting that he heard a loud report and saw the store window crack and fall to pieces. If this is true, it is possible that the gross loss of life is due to a "Black Hand" outrage.

STEEL COMPANY IS NOW IN POSITION TO RESUME

Steel Corporation Has Not Yet Given Its Reply to Offer of the Men.

If Favorable, Work Could be Resumed on the Docks Tuesday Morning.

With just one vote to spare, the ore dock workers decided this morning to offer to return to work immediately upon condition that all differences between them and the Duluth, Missabe & Northern officials should be submitted to a board of arbitration whose decision shall be final and binding to both factions.

The ore handlers decided to take this stand at a meeting held this morning at Columbia hall in the West end. The meeting was attended by all the officers and the executive committee and several hundred members of the union.

The proposition to offer to arbitrate the matter was submitted to the members of the union by W. E. McEwen, who urged that the men try to come to a settlement in this way, if possible. The members of the union discussed the matter at some length and did not put it to a vote for over an hour after it had been suggested to them.

That the men are about as determined and firm a body as were ever on strike in Duluth, was shown when the voting upon the proposition began. As the votes were counted it looked for a time as though the proposition would be defeated but toward the last the votes again seemed to be in favor of the proposition.

When all the votes were in the proposition was found to have just one vote to spare. The members afterwards decided to make the matter unanimous, however.

This afternoon the offer to arbitrate is being formally written out and will be sent to the mayor before evening. Through Mayor Cullum it will be submitted to the officials of the Steel corporation.

What decision or reply will be given to this offer by the Steel corporation is being awaited by Duluthians with considerable anxiety. Should they again refuse to accept the offer, and further refuse to treat with the men as a body, practically all hope of an early settlement of the trouble will be at an end. The men are as determined to fight it to a finish as they were at the beginning and have only offered to arbitrate

the matter because they understood it to be the fair and just thing to do. Tomorrow afternoon the executive committees of the three unions of ore handlers from Duluth, Two Harbors and Allouez will hold a joint session in Duluth and will talk over the situation as regards the strike. The fact that a small crew of men is at work at Allouez will be considered, and some action may be taken at the meeting.

In case the steel corporation officials decide to accept the offer of the men to arbitrate, the board of arbitration will be formed as follows: Two will be chosen from the strikers and two from the railroad officials and the four will choose a fifth. The board will have thirty days in which to go into the matter and consider all differences, and their decision given at the end of that period is to be binding to both sides.

If the arbitration board says that the men shall receive an increase in wages the increase shall have been in effect from the date that the men return to work.

After the failure to bring about an agreement on Saturday, Mayor Cullum called another meeting yesterday morning at his office when President Olcott further explained the meaning of his letter submitted Friday. The members from the ore handlers union listened to President Olcott and to Mayor Cullum and this morning reported the results of the meeting to the union.

President Olcott made no new offers at the meeting, and no action upon it was taken. The ore dockers will almost immediately be able to resume work in which case many of the mines at the range will be put to resume business.

MURDER CONDEMNED. Worcester, Mass., July 29.—At a mass meeting of Armenians in Laurel Street Armenian church last night a resolution was adopted condemning the Tashandian murder in New York and calling upon all Armenian people to demand the arrest and conviction of the murderers. The church was crowded and impassioned speeches were made.

MINING OPERATIONS ARE RESUMED AT HIBBING

Men Go to Work Under the Protection of Deputies Armed With Rifles.

Companies at Eveleth and Elsewhere Awaiting Outcome at Hibbing.

(From a Staff Correspondent.) Hibbing, Minn., July 29.—(Special to The Herald.)—Black smoke can be seen issuing from dozens of stacks on the range this morning, and there is an air of activity visible once more.

On all sides the stripping and mining operations are being resumed, and not a sign of trouble was reported this morning.

UNNECESSARY NOISES ON RIVER PROHIBITED.

New York, July 23.—The recently organized society for the suppression of unnecessary noises has won another victory. Through Capt. Ira Harris of the New York harbor police, the society has secured a decision from the government regarding the whistling of steamships in the harbor. Hereafter the whistling of tugs to attract the attention of the steamship is prohibited, and the blowing of private signals and the employment of the steamship horn by a tugboat, are prohibited as "unnecessary noises."

DUST WAS A NUISANCE

Crowds at Circus Saturday Deluged With Flying Dirt.

Lack of Hydrants Prevented Proper Sprinkling Being Done.

The big crowds that attended the circus Saturday think they have a kick coming. Also the residents of the district. Between 30,000 and 40,000 people visited the grounds during the day. The roads were dry, and they are outside the regular street sprinkling district. The result was—dust.

Dust rose in the great thick clouds that would make a London fog look sick. The crowds crossing the street kicked it up, the wagons that drove westward from the city and took a goodly portion of the returning crowds back, raised some more, and when a big automobile chugged slowly through the crowds it left a thick stinging cloud of dirt floating through the air behind it.

The dust settled in clouds on clothing and in the eyes of the crowd. It coated the exhibits on the many confectionery stands with a thin dirty layer. And the crowds, at least, the masculine portion of them, swore softly and worried.

The board of public works had the question put up to them several times this morning. And the answer was always the same.

"We haven't any hydrants there." The board took the matter up at its regular meeting this morning and decided upon places which hydrants are needed in order to provide sprinkling for West Third street, near the fair grounds, for from present appearances this is to be the regular circus and show ground from now on.

A resolution may be introduced in the council this evening providing for the placing of hydrants as advised by the board, and, if possible, the district will be properly "wet down" before the next big show. The Oldfield races are scheduled to be held Saturday, and while they will not draw so big a crowd as did the circus, an effort will be made to have a "water wagon" in the vicinity at that time.

UNCLE SAM HAS JOBS TO OFFER

Civil Service Commission Announces Examinations for Positions.

During the fall and winter months, during which time the grain movement in the Northwest will probably be unusually heavy, the department of agriculture will require a number of additional men in the bureau of plant industry for the position of aid in grain standardization and the department is now planning to secure new men.

As a result the United States civil service commission has just announced an examination to be held on Aug. 21 to secure eligibles from which to fill the vacancies. The examination will consist of spelling, arithmetic, letter-writing, copying and practical questions on markets and commercial grading of grain.

As is expected that appointments will be made at the laboratories at Baltimore, Buffalo, Chicago, Duluth, Minneapolis, New Orleans, New York, Philadelphia and St. Louis. The salary ranges from \$600 to \$1,000 a year. Owing to the fact that some appointments will be made for positions at Duluth and Minneapolis it is likely that a number of applicants will file for examination at this city.

Another examination has just been announced by the civil service commission for the position of computer in the coast and geodetic survey. The examination will be held to secure eligibles from which to fill a vacancy in the position of chief engineer of the United States courthouse and postoffice building at Chicago. The salary for this position will be from \$1,800 to \$2,500 a year, the entrance salary to be \$1,800. Only qualified persons should apply for this examination.

Applicants wishing further information pertaining to these examinations should address A. Grabarkiewicz at the local postoffice.

France Extends Decree for the Minimum Duty on Coffee.

Paris, July 23.—What has been characterized as the obstacle in the way of the continuation of the negotiation between France and the United States in regard to tariff, has been removed. France has notified the United States that she has extended from Aug. 1 to Oct. 1, 1907, the decree providing for the collection of the minimum duty on coffee brought in from Porto Rico.

France makes clear that she considers this extension not a right which the United States can claim, but purely an act of courtesy and good will on her part and an evidence of her earnest

A PROMINENT MAN A FORGER

Thomas Black, Former Mayor of Kenton, Ohio, Under Arrest.

Kenton, Ohio, July 23.—Thomas Black, the most prominent lawyer in the city, a leading Republican politician and mayor for two terms is in jail on a charge of forgery. He gave himself up to the sheriff today and asked to be placed behind the bars. Black acknowledges the forgery of paper involving the sum of \$25,000. His operations extend, he says, over a period of nine years. Black was entrusted with the business of many clients. One of his clients, and a trusting friend, was Dr. E. W. Sapp, a wealthy man of Columbus, who owns much property here. Black acted as the doctor's agent in Kenton and had executed a large number of mortgages for him dating from May 30, 1899, to July 5, of this year. It is stated that the forgeries were committed in connection with these mortgages.

TERRIBLE HEAT FELT IN TEXAS

Thermometer Registers 179 Degrees in Sun for Over an Hour.

McGregor, Tex., July 23.—The most terrific heat visitation ever known, occurred here Sunday continuing about an hour and twenty minutes. The thermometer registered 179 degrees in the sun and 117 in the shade. An area of three miles long and two miles wide was affected. The visitation was accompanied by a peculiar haze hanging like a veil in the sky which moved over the area affected. Scores of people were overcome. Horses, cattle, hogs and poultry dropped dead, one man losing thirty-five head of stock. The phenomenon has not been explained.

MUST SERVE HIS TIME.

Former Mayor of Williston Must Go to the Penitentiary.

Williston, N. D., July 23.—(Special to The Herald.)—Judge Goss at Minot, has denied the motion of ex-Mayor W. H. Denny of this city, convicted of horse stealing, and sentenced to five years in the penitentiary, for a new trial and the accused will have to begin his term. Denny was involved in several notorious horse thefts committed in Montana.

It was the claim of the state that he was implicated with a gang of horse thieves in stealing horses in Montana, stealing and sentenced to five years in state and after obliterating the brands stolen. Suspicion was first directed toward Denny when a deputy sheriff of Valley county, Mont., shot and killed a horse thief seeking to escape. On the dead man were letters incriminating Denny and others. VACANCIES IN THE SERVICE

Government is After Some Good Stenographers and Typewriters.

About fifty vacancies exist in the positions of stenographer and typewriter in the government service in different parts of the United States and the civil service commission has just announced that an examination for these positions will be held on Aug. 2.

St. Paul is the nearest place to Duluth, where the examination will be held and applicants from Duluth and Minnesota are asked to make the trip there if they care to take the examination.

The vacancies are scattered in all parts of the United States and are found in seven different departments of the federal government. Six are included in the department of agriculture, ten in the department of the interior, one in the department of justice, two in commerce and labor, four in postoffice department, fourteen in navy department, seven in the war department and a few others.

The commission has experienced considerable difficulty in securing male stenographers and qualified persons are urged to apply for the examination. It is a good chance to enter the government service.

Those wishing further information regarding the examination should address, A. Grabarkiewicz, at the local postoffice.

PRESIDENT GETS A CHEERFUL MESSAGE.

Oyster Bay, N. Y., July 23.—Without comment, President Roosevelt made public the following telegram received by him today, referring to the verdict in the Haywood murder trial at Boise, Idaho:

"New York, July 23, 1907.—President Roosevelt: Undesirable citizens victorious. Regards. 'EMMA GOLDMAN. 'ALEXANDER BIRKMAN. 'HIPPOLYTE HAVEL."

MANY VISITED FAIR.

Grand Forks, N. D., July 23.—Between 35,000 and 40,000 tickets were sold by the Northern Pacific for the fair grounds during the five days closing Saturday night. This beats all previous records, and is an indication of the wonderful attendance at the fair just closed. Agent McCain and an assistant have had a busy week or it.

for trial failed and he was subsequently convicted here.

KILLED HIS ROOMMATE.

Leo Thurman to Hang for Murder of Former Michigan Young Man.

St. Joseph, Mich., July 23.—(Special to The Herald.)—For the murder of a former Upper Michigan young man, Leo C. Thurman of West Point, Ky., arrested at Vancouver, B. C., last April, and tried and convicted at Norfolk, Va., has been sentenced to be hanged Sept. 2 next. His victim was Walter P. Dolsen, son of Gov. N. P. Dolsen, a prominent naval officer, of Cedarville, Mackinac county. He robbed and killed Dolsen in February, 1906, and buried the body into a trunk. Thurman and Dolsen were room-mates in a boarding house in the United States marine corps, had been paid off, and had over \$200 in cash. Thurman killed him at 3 o'clock in the morning, and then coolly stayed in the room until breakfast was served. He ate with the rest, and after breakfast, disappeared. He was finally tracked to Vancouver. Young Dolsen was about to come home. The news of his tragic death well high killed the good old father.

EVIDENTLY A SUICIDE.

Body of New York Woman Found at Colorado Springs.

Colorado Springs, Colo., July 23.—The body of Miss Laura Matthews of New York city was found lying in a lane near Ivy Wild early today with a bullet hole in her head. Miss Matthews and her maid arrived in Colorado Springs several days ago and has had apartments at the Acacia hotel. Last evening Miss Matthews ordered a saddle horse and rode in the direction of Ivy Wild. This was the last seen of her alive. Peculiar circumstances surrounding the finding of the body of Miss Matthews gave rise to the belief that murder had been committed, but later developments indicate suicide.

FOUR VICTIMS OF TRAIN COLLISION.

Brookton, Mass., July 23.—Fred Gordon, brakeman on the special train that was in collision with a freight train that was on the New York, New Haven & Hartford railroad near here late last night, died of his injuries today, bringing the total of dead up to four. The accident was caused by the special crashing into the rear of a freight.

CONCERNING WOMEN

At a special meeting of the executive board of the Twentieth Century club, held this morning in the club rooms at the library, the resignation of the president, Miss Mary B. Statham, was acted upon and accepted. Sincere regret was expressed by the members of the board over Miss Statham's decision that she would be unable to continue as president of the club during the coming year, as she has so ably fulfilled the duties of the office during the past years.

The executive board elected Mrs. Frank Harrows, former vice president, to succeed Miss Statham. Mrs. Harrows has proved her rare ability as a presiding officer in performing the duties of vice president this last year. Mrs. J. P. Warren was elected first vice president to fill the vacancy left by Mrs. Harrows.

The club also planned a series of six lectures to be given this winter by Rev. J. W. Powell. The lectures will begin some time after the new year and will continue every week for six weeks.

The club planned this morning to bring Mrs. Kate Olson Clark of Brooklyn, N. Y., the well known authoress, here during the last part of October, to give a series of lectures. Mrs. Clark speaks upon a large range of literary, educational, social and domestic topics, and her special addresses this year are:

1. "The Humor of Jane Austen."
2. "Caricatures."
3. "The Great Educational Movement of the Early Nineteenth Century."
4. "A Pair of Literary Lovers."
5. "An Obscure Heroine of the Revolution."
6. "The Effect of Women's Clubs Upon Domestic Life."
7. "The Essentials and Non-Essentials of Life."
8. "What Makes a Book Live."
9. "Making Boys into Good Citizens."

The lecture committee has not decided definitely on the lectures Mrs. Clark is to give here, but the addresses they discussed this morning were: "The Effects of Women's Clubs upon Domestic Life," "The Essentials and Non-Essentials of Life," and "Making Boys into Good Citizens."

Mrs. Clark, who is the author of "Up the Witch Brook Road," "White Butterflies," "Bringing up Boys," etc., comes very highly recommended. Mary E. Wilkins-Freeman says of her: "Mrs. Kate Olson Clark is to me the most interesting woman speaker in the country. She holds one's attention from the minute she begins to speak until the end. Her manner is wonderfully natural and charming. Her clear, common sense views, and her ready wit, refresh and stimulate. She cannot fail to please and benefit any intelligent audience."

Mary E. Woolley, president of Mount Holyoke college thinks that "Mrs. Clark's wit, sound common sense and wide experience make her a most delightful and helpful speaker, charming every audience that is so fortunate as to hear her. Her wit is irresistible, yet so kindly that it leaves no sting, and her sympathy and understanding of human nature are most unusual. She not only has something to say, but knows how to say it."

The members of the Twentieth Century club, who have paid their dues and hold tickets, will be admitted, and a number of course tickets will be sold to the women who do not belong to the club.

BRIDGE PARTY.

Delightful Affair Given at the Boat Club.

WHAT RETAIL MARKETS OFFER

Red currants, \$2.75 a case.
 Gooseberries, \$2.50 a case.
 Peaches, 25 cents a basket.
 Apples, 60 cents a basket.
 Pears, 35 cents a dozen.
 Lemons, 50 cents a dozen.

Watermelons, 40 and 50 cents each. This is one of the best times in the summer to begin picking away the preserve supply for the winter. The berries are about in the zenith of their season, and just now when the mosquito is reigning on his towering throne, it behooves the thrifty housewife to put in the time she will want to spend next month in the heart of Mother

Nature, camping or picnicking, by staying at home during the last week of the mosquito season storing up quantities of those delicious cans of berries, peaches and other fruits that taste so good in the winter time. Do it now and see if it is not time well spent. If you insist on defying the mosquito, you will find that the hospitality he offers you, and venture out into the depths of the woods, or wish to see a pretty brook or paddle up the river for a day's outing, there are numerous dainties in the market to take in your picnic basket.

MYSTERY OF HEREFTER

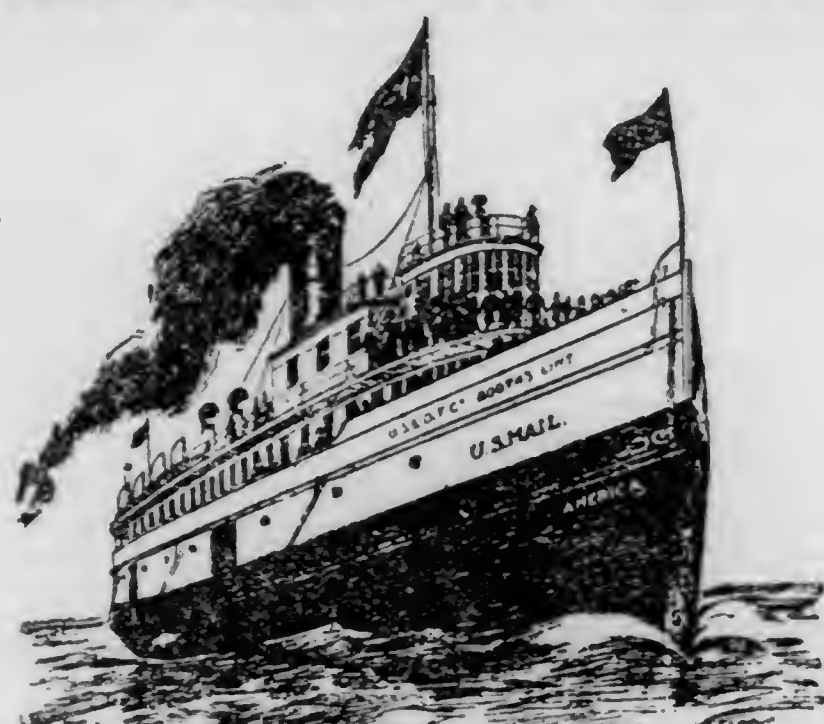

Max Heindel Says It Can be Solved by Theosophy.

Max Heindel, the theosophical lecturer, delivered the third in his series of free stereoscopic lectures, "Life, Here and Hereafter," before an interested audience last night in Flaxton's Conservatory of Music. A fine musical program was rendered on the piano-forte by Mr. Wiggins of the Duluth Music company.

Mr. Heindel said in part: "If a man dies, shall he live again? asked the sage of old, and this great question, the riddle of life and death, has come down to us through the ages clamoring for solution. At every birth we see what appears to be a new life come among us, an entity appears which becomes a factor in our lives for days, months or years, but some day there comes a time when the form ceases to move about, becomes inanimate and goes to decay. The life which manifested among us for a time has gone to the invisible beyond the border of the brighter world. It is a mystery which we see what appears to be a new life come among us, an entity appears which becomes a factor in our lives for days, months or years, but some day there comes a time when the form ceases to move about, becomes inanimate and goes to decay. WEAKNESS IN COPPERS

Tight London Money
Market Sends the
Prices Down.

Denn is Feature of the
Unlisted Copper
Market.

The dullness, which has characterized the copper market for some days past, gave way to positive weakness today, as far as the listed stocks were concerned. Stringency in the London money market, a lower price of copper there and the cutting off of 12 cent per pound on all grades of copper in the American market, all tend to generate a bearish feeling, with the result that there was considerable selling and a forcing down of the price of some of the more prominent listed securities.

Amalgamated took the brunt of the hammering in New York. It opened 50 cents lower than Saturday's close at \$39.47 1/2. It advanced to \$39, but dropped back again and fluctuated between \$39 and \$39.50 for a time. But the hours prevailed and the price at the close was \$38.25, the lowest price of the day. Anaconda acted in sympathy with Amalgamated and dropped from \$57.92 1/2 at the opening to \$56 at the close.

North Butte was evidently the point of attack of the bears in Boston. From \$52.50 at the opening, it declined by even stages to \$51 by noon and in the short time after noon was forced down to \$47.75 by 4 p. m. The low figure of the day, Calumet & Arizona lost a point in the day's trading, closing at \$159.25. Copper France dropped from \$80 to \$78.50 during the session.

Denn was the one bright feature of the entire copper market. With the entire copper market, the curls were, as that clearing of the land for some of a rule and lifeless, but Denn showed early signs of activity, which extended throughout the entire session. It opened this morning at \$8 and, on good demand and small supply, gradually advanced to \$8.37 1/2, which remained the high figure for the day.

Superior & Pittsburgh and Greene Cananea showed signs of weakness. Superior & Pittsburgh sold at \$18.50 and \$18.75, and Greene Cananea at \$15.87 1/2, \$16 and \$15.75. There were sales of Calumet & Sonora at \$16, Cliff at \$2.75, \$2.62 1/2 and \$2.50. Copper Queen of 1000 at \$1.75, Globe at \$14.12 1/2 and \$13.75. Carman was still weaker at \$3.50 asked. Kennecott was inactive at \$3.50 and \$3.00. Hancock at \$9.02 1/2 and \$10.00 and Black Mountain at \$5.25 and \$5.50.

J. J. O'Connor, attorney for the Sullivan Copper Mining company at Duluth, Ariz., yesterday wired to George H. Crosby, a stockholder in the company, that the district court at Tombstone had decided the suit of the company in their favor, giving them the title to the property at Chihuahua. Work had been abandoned on the property during the litigation, but will be resumed now and the stock is held in Duluth.

HAVE NOT BEGUN YET.

No Test Pitting Yet on Site of Steel Plant.

A story to the effect that test pitting and other work had been started at the site of the new steel plant is denied by Manager Heis. He says that so far no work has been done outside of that of the engineering crews which are working in that vicinity and which will be there for some time to come. So far there is no place for any men to board in that vicinity and no way for the company to take care of them. The first work will consist of the building of houses and boarding places for the employees. It is said to be possible that clearing of the land for some of a rule and lifeless, but Denn showed early signs of activity, which extended throughout the entire session. It opened this morning at \$8 and, on good demand and small supply, gradually advanced to \$8.37 1/2, which remained the high figure for the day.

STEEL COMPANY HAS NOT LETTER FROM THE MEN

An effort was made this afternoon by The Herald to ascertain what position the Steel corporation would take on the proposition submitted by the men as a result of this morning's meeting.

W. J. Olcott, president of the Duluth, Missabe & Northern road, stated that he had not yet received a copy of the communication, and was not in a position to know what the men asked.

The company has up to the present time refused to treat with the men as a body. It claims that they violated the agreement made this spring, and that the only concession it would make would be to allow them to come back at the former scale of wages, if they desired to do so.

Whether it will recede from this attitude and agree to arbitrate, the men remains to be seen.

"There is nothing to arbitrate," has been the attitude of the company. "The men quit us without notice after working for us for a certain scale. They can come back if they want to."

On the manner in which the company receives the communication depends the outcome of the strike. If the attitude is favorable, the strike will probably continue several days until the company gets ready to begin work with outside men.

Following is a copy of the letter: Hon. M. B. Cullum, Mayor, City of Duluth—Dear Sir: In compliance with an agreement made between the action of the striking ore dock employees of the Duluth, Missabe & Northern Railway company and the result of yesterday's conference with the officials of the railroad, we beg leave to state that the men will take kindly to the idea of returning to work on the terms proposed by the company.

The subject was discussed at great length by a large number of men, and while the proposition in question was not regarded with favor, the hope was

expressed that negotiations leading to a settlement of the trouble should be kept open.

The following is an embodiment of the men's desires, as expressed in a formal ballot:

First—That work be resumed at once, that no discrimination shall be made on account of the strike, and that no new men be employed until all who participated in the strike shall be given an opportunity to work, if they so desire.

Second—That all matters in difference now existing between the ore dock employees and the company, and vice versa, be submitted to the arbitration of five (5) men, selected in the following manner: Two to be appointed by the Duluth, Missabe & Northern Railway company; two to be appointed by the striking employees, and the fifth who shall be a disinterested person, to be chosen by the other four. In the event of the four disagreeing the selection then shall be made by the judges of the district court for the Eleventh judicial district.

Third—That the said arbitrators make their award in final decision upon all matters submitted to them not later than thirty (30) days from the date of the agreement to arbitrate, said questions, that said award shall be binding upon the respective parties, and shall take effect from and after the day work is resumed.

Inasmuch as you have kindly consented to intercede we would respectfully request that you present the foregoing to the officials of the Duluth, Missabe & Northern Railway company for their consideration.

We sincerely trust that the justice of this proposition will appeal to the good faith and fairness of the company, and that the company will show its appreciation of your good offices in our behalf, and with sentiments of regard and friendliness to the company, notwithstanding the strike, we are, Very truly yours,

Omaha Road Will Open Elevator to Wisconsin Inspection.

Announcement has been made that the Omaha road will abide by the ruling of the Wisconsin railroad commission and will open its elevator at Itasca to the reception of grain.

The elevator at Itasca is a 200-foot structure, and is the largest elevator in the world. It is the only elevator of its kind in the world. It is the only elevator of its kind in the world.

Work Resumed on Superior Docks With Small Crews.

Docks Will be Operated Without Recognition of Union.

Work has been resumed at the Alouez docks this morning. A small crew was put to work and it is being gradually increased during the day.

It is expected that the climax may come tonight. At the meeting of the strikers yesterday the vote was against going to work. But it is claimed that the firm carried the vote that day, and that the men are now going to work.

The officials have caused the shanties next to No. 1 dock to be cleaned out, and it is expected that arrangements will be made to feed the workmen in these shanties.

In this way things can be well handled as far as protection of the men is concerned. It is not expected that the strikers will make any attempt to mob the docks, but that their efforts will be confined to the men who are working.

The officials are determined that the docks shall be kept open. They are determined that the docks shall be kept open. They are determined that the docks shall be kept open.

Two Resignations.

Teachers Leave Their Positions in Superior Normal.

The resignations of Miss Mary A. Doyle and Miss Amelia Harrington from the training department of the Superior normal school have just been tendered to President McCaskill and Regent Crownhart.

Miss Doyle has been supervisor of practice and Miss Harrington critic teacher in the intermediate department.

One resignation, that of Miss Doyle, had been expected for some weeks while that of Miss Harrington was unexpected. She had been given an increase of salary at the annual meeting of the regents in June and it was expected that she would stay.

By these resignations there is a general changing of the teachers in the training department. Miss Bettles, head of the grammar department, resigned some time ago to take a position in the Duluth normal, while Miss Kromer of the primary department also tendered her resignation in the spring. The only election that has so far been announced is that of Susan Norton of the St. Cloud normal to take the place of Miss Bettles.

Miss Doyle has been in charge of the department for eleven years, coming at the opening of the normal. She was formerly at Platteville normal at the time that it was connected with the city schools of Grand Rapids, Mich. It is not known where she will go. Miss Harrington is said to be about to accept a position in Charleston, S. C. She has been with the school for three years, coming from Minneapolis. During the past few weeks she

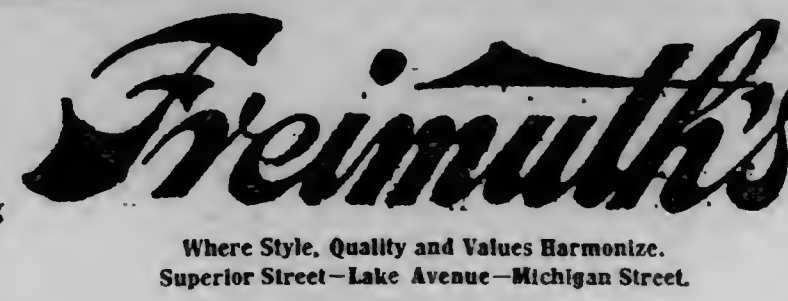

expressed that negotiations leading to a settlement of the trouble should be kept open.

The following is an embodiment of the men's desires, as expressed in a formal ballot:

First—That work be resumed at once, that no discrimination shall be made on account of the strike, and that no new men be employed until all who participated in the strike shall be given an opportunity to work, if they so desire.

Diamonds Advance

We are notified by diamond importers of another impending raise in prices. The consistent and steady advance in the value of diamonds during the past ten years has been due to three natural causes.

1st. Fine diamonds are becoming more scarce and the demand for them is greater than ever.

2d. As the diamond mines, of which there are but a limited number, are worked to greater depths, the cost of mining these precious gems is very greatly increased.

3d. The diamond mines and the diamond market is completely in the control of the London Buying Syndicate, the richest and most powerful corporation in the world. Realizing that the exhaustion of the South African mines is but a question of comparatively few years, and knowing the improbability of there being discovered any new mines of importance, it has become the avowed policy of the syndicate to consistently and gradually advance the price of diamonds until such time as the supply shall be exhausted.

Unquestionably diamonds are today one of the safest and most profitable investments entirely aside from the admiration they evoke as ornaments and the pleasure that is derived from wearing them.

Remember that a diamond never changes color, never wears out, never shrinks and cannot be burned up. It is the same in a thousand years as when you buy it.

During the past few years F. D. Day & Co. have invested thousands of dollars in diamonds, and as merchants, not brokers, we are giving our customers the benefit of this foresight. All of these diamonds were personally selected by our Mr. Bagley with the greatest of care and comprise a collection of stones remarkable for their uniformity of quality and for the exceptional value which they offer the diamond buying public.

You will find that we can tell you many interesting things about diamonds and their values, and whether you intend purchasing or not we are always glad to explain the difference in diamonds to those who are interested.

Madame Gain Lifts Lid and Gets Into Trouble.

Lift-lifting does not go, even in St. Croix. Madame Gain, who for a week or so after the lid went up in the up-town districts, the reports in the Tondorin kept on retelling better, as usual. Last week orders were given by the police that this must stop.

Yesterday Officer Westerman caught Madame Gain in the act of retelling some of the number three, and he was taken to the station. He was released after a short stay.

He reported to Lieut. Fiskett, and when the matter was taken up to Chief Troyer, he ordered the "joint" closed at once.

SENATOR PETTUS WILL BE BURIED ON TUESDAY.

Sen. Ala., July 29.—The body of the late Senator E. W. Pettus, who died Saturday night, will reach here on a special train tomorrow and the funeral will take place in the afternoon from his late residence. The services will be very simple. State officials, members of the legislature and the Second Alabama Infantry regiment will be present.

FORECAST OF COUNCIL

Pyrotechnics Are Likely to be Absent This Evening.

Railroad Franchise and Fourth Avenue Only Things in Sight.

The usual pyrotechnics will probably be absent from the meeting of the city council this evening. At least there is nothing in sight as yet which will be conducive to the kind of fiery oratory which has been trying about the council chamber of late on Monday nights.

The Eastern Minnesota trestle franchise question is still pending, but an opinion by City Attorney Foster as to whether McEwen's franchise amendment is legal or not, is all that is delaying it, and it will probably go through with or without this amendment, according to the attorney's opinion.

There is some doubt as to whether Henry E. Miller, holder of the saloon license at 113 St. Croix avenue, where an alleged lift-lifting was indulged in two weeks ago, will be brought before the council again tonight. Mr. Miller was summoned before the body a week ago when he asked for a continuance in order that he might procure witnesses in connection with the affair. He said that the plea entered by Peterson, the proprietor, was a mistake and that the lift-lifting was not committed in the saloon, but upstairs. Up to this morning the witnesses wanted had not been located, and another continuance will probably be granted.

Supt. Jennings' electric light ordinance will also probably be given still further consideration before being brought up. The Fourth Avenue west paving contract, granted by the board a week ago to Hugh Steele will come up for the second time for confirmation tonight. The council postponed the confirmation of this in order that a petition from the county commissioners asking that the paving of the avenue between First and Second streets be discontinued, might be considered. It is claimed that the work and tear of the hauling for the courthouse construction might be avoided by postponing this another year.

There is some question as to whether it would not invalidate the whole petition if a portion of the work petitioned for was omitted. An opinion from the city attorney will probably be called for on this point. If he decides that a work petition would be necessary if the upper blocks of paving were omitted, it is probable that the council will turn down the commissioners' request. Some time ago the council expressed itself as decidedly in favor of getting the avenue paved as soon as possible.

MAY DIVE FROM AERIAL BRIDGE

Captain Harry Hardy Plans a Most Sensational Feat.

To dive from the top of the aerial bridge into the Duluth ship canal, may be the feat attempted by Capt. Harry Hardy, who is performing at the White City this week.

Capt. Hardy, who is a former member of the Brooklyn fire department, is diving daily from a height of nearly five feet into a tank containing but five feet of water. He believes that the dive from the aerial bridge would be more difficult and it is arrangements can be made he will leap from the top of the bridge Thursday afternoon.

His high dive is not the only sensational feat at the White City this week. Miss Pauline Russell and her performing leopards give a most entertaining act. The young woman enters the cage containing the five huge cats and puts them through many difficult feats.

REPAIRING OF THE VIADUCT

Board Would Have Railroads Fix Sixth Avenue Structure.

The city will probably take advantage of its position on the railroad viaduct question again in the near future, by requiring the repair of the paving on the Sixth street viaduct by the railroads passing beneath it. It is thought that in view of the recent decisions of the supreme court the railroads will be compelled to do the work. The board inspected the viaduct Saturday and found that a portion of the paving, under the cedar block paving, is badly rotted and likely to give way at any time. Should this occur, a serious accident would result. It was accordingly resolved to call for an examination by the city engineer and if he reports that the paving is in bad shape, the city will probably order the viaduct repaired by the railroads.

Some time ago the sidewalks on the viaduct began to go to pieces and that week these were repaired by the board at the city's expense. The board is planning to collect from the railroad companies for the expense of this work.

Open Evenings.

On those branches that are required for both first and second-grade certificates, while those branches given for first-grade certificates only, will be given on Wednesday.

A standing of 75 per cent is required in the subjects for the first-grade certificate, while 70 per cent is required in those second-grade branches which apply to the first grade. An average of 50 per cent is required to get a second-grade certificate. The first grade runs for a term of five years, the second for two years, and a limited second grade for one year.

In giving the examination, Supt. Gilpin gives credit for normal school work. A number of the candidates are now doing work in the school, and their papers will be held to await the end of the session and the result of their work there.

Among the candidates are many who are seeking a certificate to teach for the first time, while others are writing for a certificate after the expiration of their old one, and after many years of teaching in the schools.

Following are those who had registered for the examinations this morning, it being expected that several more will show up before the close of the tests: Mrs. Nora Lynch, Superior; Celia F. Carlson, Arnold; Eliza O. Hill, Gowan; Millie Wivell, Shawanigan; Selma, Moline; Iron Junction; Helen Shansky, Mungor; Clara King, Pine City; Sarah Sparrow, Kimberley; Winifred Puffer, Tower; Alma Schiller, Brainerd; Ida M. The Biggest Ever.
Mrs. J. D. Zien has the distinction of catching the largest pickerel that was ever hooked in the vicinity of Fond du Lac. Saturday afternoon Mr. and Mrs. J. D.

Zien and several friends left for Fond du Lac for a little recreation. Sunday morning bright and early Mrs. Zien started out fishing, which by the way is her hobby. She rowed out nearly to the rapids and then threw out her line. It was not very long before her efforts were rewarded and feeling a bit at the end of her line gave a sudden jerk and to her surprise she pulled out a pickerel which was fully twenty-five inches long and weighed over twenty-five pounds.

A Decisive Clearance.
In accordance with the established custom of the Gladding firm, they will conduct a series of ravishing clearance sales of all summer goods in order to reduce their stock to a minimum before fall inventory. The sales opened up in full force this morning, and a lively interest has been manifested by the large crowds of purchasers, who have thronged the establishment throughout the day.

BLIND PIGS ARE CLOSED UP TIGHT

Trouble-Breeding Places Around Eveleth Not Open.

Eveleth, Minn., July 28.—(Special to The Herald.)—The blind pigs in and around the city of Eveleth are all closed, the breeding companies all being notified not to deliver any more beer to blind pigs. County Attorney John Norton of Duluth, with his assistant, Otto J. Porter of Virginia, was in the city Friday and made five arrests of blind pigs, their failure to come up the first part of the week. It is hoped by citizens of Eveleth that this will do away with the blind pigs here in the future.

SMALL EVELETH FIRE.

Quick Work of the Department Prevents Very Much Damage.

Eveleth, Minn., July 28.—(Special to The Herald.)—The fire department was called out about 1 a. m. Sunday by a small blaze in a barn near the Finnish bath house on Monroe street. There was not much damage done, owing to the quick response of the fire department and its excellent work.

MAY LOSE FARM.

White Iron Country Farmer Confronted With Piece of Hard Luck.

Ely, Minn., July 28.—(Special to The Herald.)—State Land Inspectors Wilkes and Rosner recently visited the farm of Miss Hives in the White Iron country. Hives located on state land many years ago and has about twenty acres under cultivation. It was found that she cannot secure title to the land. A mineral lease has been issued on the land running 50 years, to Capt. Franklin, and this gentleman has been doing some prospecting on the land. Hives originally located the land as being good agricultural in place of swamp, as shown on the plat, but a lawsuit for the same was issued to the state in the meantime. It looks very much as if she will lose the farm and work on an injustice on him and family after his many years of hard labor.

Coleraine Baseball Nine Carries Off Honors at Sunday Game.

Coleraine, Minn., July 28.—(Special to The Herald.)—A fast and altogether first class game of base ball was played here yesterday between the local nine and the Bena Indians. The locals won by a score of 8 to 4. The spectators declared the game to be one of the best seen here in a long time.

TO IMPROVE LINE.

Duluth & Northern Minnesota Prepares To Do Much Rebalancing.

Two Harbors, Minn., July 28.—(Special to The Herald.)—The Duluth-Northern Minnesota railway has leased two locomotives and about forty flat cars from the Duluth & Iron Range to be used in rebalancing and improving the entire main line between Knife River and Mille Lacs, as designated a distance of forty miles. The gravel will be hauled from Britton pit.

The steamer Alexander McDougall is unloading a cargo of coal at the local docks.

The local members of the Northern Railway club went to Duluth on a special train Friday evening to attend the monthly meeting of the club.

CARRIED OFF BY STEAMER

Two Duluth Girls Found Themselves Sailing Out of the Duluth Canal Last Thursday evening on the big steamer Tigress, bound for lower lake ports.

They had planned to take trip and it was an unexpected experience for them. The Tigress left the dock the young ladies, who were the guests of Houghton, Mich., and there the girls were handed by the steamship officials and waited for the boat returning to Duluth. They were almost penniless, but were assisted by friends. Miss Adele McClaran, daughter of Dr. and Mrs. William McClaran, 110 East Third street, and Miss Harriet Tower, daughter of George Tower, 121 Tower avenue, Superior, were the young ladies who had the strange experience. Several friends were taking passage for a trip down the lakes and just before the Tigress left the dock the young ladies were aboard to say the farewells. Before their prolonged holiday was at an end, however, the steamer was loosed from the dock and shoved out of the harbor, carrying besides the regular passengers, two ladies by mistake.

Friends came to the rescue at Houghton and passage for the ladies back to Duluth was obtained for them. They arrived back here on the morning of the steamer Tigress. No harm was done and the girls had a good time.

Taft's Mother Better.

Milburg, Mass., July 28.—A slight improvement was reported today by the physicians who are attending Mrs. Louisa M. Taft, the aged mother of Secretary of War William H. Taft.

Mrs. Taft has been seriously ill in this town for several days and her sons have been notified of her condition. Unless unforeseen complications should develop, however, it is thought she will recover speedily.

While returning from a picnic given by the sisters at the Villa Scholastica, on the Sacred Heart farm, near Woodland, Sister Vincent, daughter of the late Sister Vincent, daughter of a prominent merchant in Shakopee, Minn., who was visiting at the hospital, was seriously injured by being thrown from the single buggy in which they were riding while the horse was running away.

The accident happened at Seventh avenue east and Thirtieth street. The grade at this point is over 25 per cent and Miss Reiss, who had the lines, failed to make a sharp turn in time, and ran on to a big boulevard at the side of the road. The buggy tipped over, throwing the three women to the ground and they slid about twenty feet down the grade. The horse, a docile animal belonging to A. J. Bouchard, engineer at the hospital, did not move ten feet after the sliding stopped.

A 14-year-old boy, witnessed the crash and rushed to the scene and the three women were found lying under the wreckage. A heavy examination showed they were all still alive and they were placed in the ambulance and rushed at once to the hospital.

Dr. Marie took charge and worked over the sufferers for several hours without bringing any of them back to consciousness. Sister Vincent was the most seriously injured, but there are no indications of a fracture or other injury. Miss Reiss, who was thrown from the buggy, was reported much better today.

Sister Emilie is still very sick and, in fact, in a critical condition. She received unconsciousness of yesterday and was found lying on the ground, where she struck on the head road, and she also sustained fractures of her left leg and arm. What internal injuries she may have received is unknown. She was slightly better this morning, however, and it is thought that she has a little better than an even chance for recovery.

Sister Vincent and Sister Emilie have been at St. Mary's for several years and were among the most popular of the nuns there. Sister Vincent, who came to Duluth last Wednesday to visit her sister, who is one of the nuns at the convent, is also well known at the hospital, as she was ill there for several weeks last winter. The sisters are about 30 years of age and Miss Reiss is 24.

river and on Park Point were very popular yesterday. The lake and river attractions were also liberally patronized. The morning began with scarcely a cloud in the sky, and everybody who had planned on an outdoor outing for the day started out early. A little later on the sky darkened over with clouds, and much fear was expressed that a shower was coming, but aside from threatening clouds now and then during the day, the weather was all that could be desired.

Hundreds of lunches "put-put" up and down the bay and St. Louis river. There was a strong wind blowing off the land all day, and this kicked up quite a sea for the smaller launches to face on certain parts of the bay, but a good many of them bravely braved the waves, their occupants finding pleasure in the motion. Many sailboats were also taking advantage of the wind to enjoy a good day's sport. All the parks were crowded with people.

SPORTING NEWS OF THE DAY

GIANTS GET
EVEN BREAK

Al Cummings Applied the Brush With Wonted Vigor. Visitors Bunch Hits Off Jim Haney and Win One.

After the Sox had shut them out in the Saturday game by a score of 3 to 0, the Houghton Giants brought the series back to an even break yesterday by bunching hits on Jim Haney and winning by a score of 4 to 1.

Saturday's game was no easy one for the Sox. Alvin Cummings was swinging the brush in wide sweeps, but Rube Miller was right on the job every minute of the time for seven innings, and the danger sign was being put out already for extra innings. But something happened in the eighth. An error, a sacrifice, two singles, and a double chased three runs across and landed the game.

Cummings had some decidedly anxious moments. In the first inning, the Giants filled the sacks to overflowing, but there were two men out, and Spike Anderson got under a long fly from Laughlin's bat. In the third there was a man thrown out at the plate, and in the next inning, two were caught between the bases. In the seventh, a double and a single came with nobody down, but the native son sent the next three men back to the bench as they came to the plate.

Up to the eighth inning, the Sox had all kinds of trouble with Miller. That boy's a pitcher. He has everything, and goes to make a pitcher, and he showed the Sox most of it Saturday. Up to the sixth, they didn't have anything that could be construed by the most charitable scorer as a hit. In the sixth, Tracy beat out a bunt, and in the seventh, Williams got a scratch. The first real hit on the Sox side was made by Heiding in the seventh, when he poked one into center field for a pretty single.

By the time the eighth inning came around, with no scores on either side, people began to see things in the way of long drawn out games, but Bill McCormick shattered their dreams. Monroe, the first man up in the inning, was safe on Brand's bobble and Tracy sacrificed him to second. Livingston came to the front with a single and sneaked to second, while they were holding Monroe to the third sack. Then McCormick came to the front. He cracked the first ball over right on the nose and it went sailing far into right field for two scores. Heiding followed to third, so Spike Anderson rapped out another single and scored him.

Neddie Rogers, the bottom twirler with the windmill motion, was the cause of the Sox downfall yesterday. He gave them some hope in the first inning by allowing a single and a double in succession for one score, but after that, there was nothing doing for the home boys. Rogers and his double swing were in the thick of the fray at every stage, and only one member of the Sox band reached third base. The three hits scored after the first were little danger of them counting, and two of them in the ninth inning, at that.

Houghton played baseball yesterday. They only landed on Pop Haney six times safely, but how those hits did count. There wasn't a single wasted. The Giants seemed to store up all their energy for certain stages, and then, with no rest, they poked on the sacks, they clouted the sphere for scores. After the Sox had scored one in the first, Tracy's error, a sacrifice and a hit tied the score. In the fourth, Brand's single came together, and in the seventh the visitors made it good. Meyers started with a single, was sacrificed to second by Brand, and Laughlin followed with a two-bagger. Solbran did likewise, and Laughlin crossed.

KANSAS CITY, 3; MILWAUKEE, 2.
Kansas City, July 28.—Paul Kitten, recently purchased by Kansas City from the Milwaukee Americans, won his first game from Milwaukee yesterday after a loss by great pitching, allowing the visitors but four hits while he put the locals in the sixth inning by lining one over the field fence for a home run. Schmeidler, who was hit in the head by one of Milwaukee's in-shoots in the fifth, was knocked senseless and was carried out of the game. The second game was called after the third inning, that Milwaukee might catch a train. Score: R. H. E. Kansas City, 3 1 1 0 1 0 1 0-3 8 5. Milwaukee, 2 0 0 0 0 0 0 0-2 4 3. COLUMBUS, 5; LOUISVILLE, 4.
Columbus, Ohio, July 28.—Louisville threw wild on Kilm in the first inning with two out and then the ball bounded into the bleachers. Three Columbus runs were scored. Wright's triple and a pass to Jude led to the first run. The second run was scored by Wright and a stop by Friel were the fielding features. Score: R. H. E. Columbus, 5 1 1 0 0 0 0 0-5 6 3. Louisville, 4 0 0 0 0 0 0 0-4 6 3. Batteries—Robertson and Blue; L. Durham and Hughes. Umpire—Kerin.

SASKATOON WINS TWO.
Cloquet Defeated by Canadian Team in Both Games.

Cloquet, Minn., July 28.—(Special to The Herald.) The traveling Saskatoon baseball team won two games from the Cloquet nine Saturday and Sunday. The Canadians won Saturday by a score of 4 to 3 and yesterday, they took another victory by 9 to 4. The batteries were Cook and Corrigan for Saskatoon and Thorsen and Rydeen for Cloquet.

SCOTT GRAFFS WIN.
City League Team Defeats the Scanlon Aggregation.

Scanlon, Minn., July 28.—(Special to The Herald.) The Scott-Graff baseball team of the Duluth-City league defeated the Scanlon team here yesterday by a score of 11 to 7. Collins, the pitcher for the visitors was touched rather hard, but he kept the hits pretty well scattered, while the Scott-Graffs bunched Brown, the local man, for twenty-eight hits. Score: R. H. E. Scott-Graffs, 11 2 0 0 0 0 0 0-11 2 5. Scanlon, 7 0 0 0 0 0 0 0-7 10 5. Batteries—Collins and Flynn; Brown and Young.

FOURTEEN LIVES LOST
By an Explosion Which Wrecks Tenement House in New York.

New York, July 28.—An explosion, accompanied by fire, shattered an East side tenement late last night and, with the crumbling walls, fourteen persons went down to death, while twice as many were probably fatally injured.

The wrecked building was at 22 Christie street, where a six-story tenement rose above the grocery store basement. The fire started in the second story, and the fire that followed caught twenty families, numbering about 30 persons, while most of them were asleep.

It is possible to recover the bones of the dead. Of the injured, many jumped from the windows, others were rescued by falling timbers, many half-suffocated by smoke, were dragged from the hallways, while others revealed their injuries during the panic and mad flight for an exit.

TWO BOUTS
AT HIBBING

Tremble-Kelly and Carsey-Forbes Matches Soon.

Kerry Kid's Back Down Didn't Please Ben Tremble.

Ben Tremble, the Minneapolis heavyweight, who was scheduled to go on with the Kerry Kid at Hibbing last Thursday night, was in Duluth Saturday, en route to Minneapolis. He was accompanied by Kid Carsey, who was to have met Eddie McCann at Hibbing last week.

Tremble didn't take very kindly to the manner in which Mangan backed down on the match.

"I was training up there for a long time," he said, "and was in the best possible condition. Mangan was also training there and I thought that the fight would certainly come off. About two weeks ago, the Kid left for Superior and I thought that he was coming here until the day before the match, when he telephoned that he could not fight for them there. Tremble said that he would have a substitute, but we could not get anybody to Hibbing in time, so had to call the match off."

Tremble and Carsey went to Minneapolis in response to a message intimating that there was something in sight for them there. Tremble said that he will finish his business in the Twin Cities as soon as possible and return to Hibbing for his match with Hugo Kelly. He says the arrangements have been definitely made for the match with Kelly and there is little danger of a slip. The exact date of the match has not yet been arranged, but it will be pulled off in a month or so at Hibbing.

Efforts are being made to match Kid Carsey with Harry Forbes Carsey is likely looking younger, and Tremble has faith in his ability. He has met some of the fastest lightweight on the Pacific coast and he thinks he can put it over on Forbes. The Hibbing people are negotiating with Forbes now and if the match can be arranged, it will be pulled off as a main event in a card to be put on at Hibbing soon.

ON CORNER LOTS

The Cascade baseball team was defeated by the Duluth Reds at Green's farm yesterday by a score of 14 to 13. The Cascade had the game on ice up to the eighth inning, when the Reds fell on Kopsky and clouted the ball all over the lot. They scored five in the eighth and three in the ninth, winning out with a grand finish. Score: R. H. E. Duluth Reds, 14 2 1 0 0 0 4 0-13 4. Cascade, 13 0 0 0 0 0 0 0-14 3. Batteries—Kopsky and Banish; Getty, Hansen and Amundson.

In a fast game yesterday, the Hummers defeated the Duluth Heights team by a score of 6 to 4. Score: R. H. E. Duluth Heights, 4 0 0 0 0 0 1 2-4 6. Hummers, 6 1 1 0 0 0 0 0-6 3. Batteries—Hansen and Olson; Pease and Faucett.

Yesterday morning at Green's farm, the Carpenters defeated the Roofers by a score of 5 to 3. Henry Mueller's three-base hit gave them the victory. The Carpenters lined up as follows: Carpenters—Roofers—Gonska, B. Mueller, P. Ziegler, 2b. Ed Mueller, 2b. P. Luck, ss. John Mueller, rf. Dingo, cf. P. Luck, 3b. Stewart, lf. P. Luck, 3b. A. Fleming, lf. Score: R. H. E. Carpenters, 5 1 1 0 0 0 1 0-5 3. Roofers, 3 0 0 0 0 0 0 0-3 6. The D. G. Cutter ball team defeated the Owl of West Duluth yesterday afternoon by a score of 11 to 5.

MINNESOTA

GRAINS IN RED VALLEY

Conditions in Six Minnesota Grain Producing Countries.

Although Crops Are Late, Favorable Weather Will Help.

Crookston, Minn., July 29.—(Special to The Herald.)—During Saturday and Sunday The Herald correspondent made as thorough a personal investigation of the crop conditions in this section of the Red River valley as the limited time would permit and by using the rural telephone lines has been in direct communication with reliable farmers in Polk, Norman, Marshall, Kittson, Red Lake and Roseau counties. The result shows that the crop conditions are varied in the extreme.

One fact is apparent, the crops on the sandy soil along the eastern border of the valley, in all counties named are superior to those on the heavy soil with the exception of the fields lying within a few miles of the Red and Root Lake rivers where the drainage is nearly perfect.

Taking the whole area named into consideration the wheat acreage sown ranges from 20 to 25 per cent above last year and the acreage out will average fully 25 per cent more than last year, unless frost should ruin a considerable acreage.

The yield, providing the weather is favorable and the frosts hold off until practically all the wheat is ripe, will average from 12 to 15 bushels per acre, compared with from 8 to 12 last year. The average in many sections will be much less than that, but in the sandy sections in the vicinity of Crookston, Red Lake Falls, Root River Falls, Eastern Marshall county and a considerable portion of Roseau county the yield will run up to 20 and 25 bushels per acre in many instances.

The greatest feature is the lateness of the majority of the wheat. It is fully two weeks behind the season, and much of it is three weeks and more late. The straw is short, but the heads are generally long and if they fall, as they should the company shareholders they should be able to turn out better than is expected.

The timing of an accurate and reliable estimate on the wheat crop is difficult because of the fact that similar conditions in the Red River valley have been very rare. The season as a whole was the latest ever experienced in this section, and some fields have been barely damaged.

PLAY TEN INNINGS.

Benidji Wins Over Walker Yesterday Becoming Very Strong Nine.

Benidji, Minn., July 29.—(Special to The Herald.)—The Benidji baseball team defeated the Walker team yesterday afternoon, in a game at the local park, by a score of 10 to 3.

The game was a hair-raising affair that sent the fans into a frenzy. The Benidji team, managed by Otto Elton, outplayed the Walker team, managed by John Walker, in every particular. The Benidji team, which is considered one of the strongest in the state, was the victor in the game, which was the best in the north half of the state.

Score by innings: Benidji 10, Walker 3. Benidji's lineup: Elton, pitcher; Elton, catcher; Elton, first base; Elton, second base; Elton, third base; Elton, shortstop; Elton, left field; Elton, center field; Elton, right field.

TO SELL TIMBER.

Bill to be Introduced in Congress for Sale of Standing Pine.

Benidji, Minn., July 29.—(Special to The Herald.)—There is a rumor to the effect that a bill will be introduced at the next session of congress, authorizing the sale of a large amount of standing pine timber on the Red Lake Indian reservation, between the arms of Upper and Lower Red lakes. That there are several lumber companies that operate in the north part of the state who are anxious to have the pine placed on the market has been evidenced of late by the visit to Red Lake of several lumbermen of note, and also the representatives of a number of other companies, among whom are B. F. Nelson of Minneapolis of the Nelson-Tenny company, and representatives of the Crookston Lumber company, the Benidji Lumber company, the Thief River Falls company and several others.

BELTRAMI COUNTY MAKES READY FOR ANNUAL FAIR.

Benidji, Minn., July 29.—(Special to The Herald.)—The Beltrami County Fair association will hold its annual fair in Benidji Thursday, Friday and Saturday, Sept. 27, 28 and 29, and the preliminary work of appointing the various committees and getting out the program list will be commenced immediately.

A meeting of the directors of the fair association will be held Wednesday afternoon at the courthouse, when it is possible that a new secretary will be elected, and the names of superintendents of departments will be announced.

It is the intention of the association to create a competitive interest among the farmers of Beltrami county, to the end that exhibits this year will far surpass those made last year.

There are excellent grounds, in the suburbs of Benidji, which contain a fine race track, and the conditions are very favorable for a successful fair this fall.

The officers of the association, at present, are: Wes Wright, president; John D. Lunn, first vice president; L. H. Townsend, second vice president; George Kirk, secretary, and W. H. Roberts, treasurer.

WATER FOR KELLNER.

Good Flow is Struck in Well for Village Water System.

Kellner, Minn., July 29.—(Special to The Herald.)—The contractors who are sinking a big well for the waterworks system, have at last struck a good supply of water, and a test will be made to ascertain if the supply will be adequate. The flow of water was struck at a depth of 125 feet, and from the present indications it is thought the well will furnish approximately 50 barrels a day, which is considered ample for a "grand" water supply. The contract for constructing four miles of town road directly west of Kellner, has the work well under way. The first two miles are almost completed, the new road which was recently purchased being in daily use over this and of the highway.

MINNESOTA IN BRIEF

Spokane.—The Spokane Athletic association's baseball team played the Rainy River nine on the Rainy River diamond Thursday evening. Only a five-inning game was played on account of the darkness. The score was 5 to 3.

WISCONSIN

MANY WENT AGAINST IT

Wisconsin Grain & Stock Company Caught Rich Wisconsin Ones.

List of Names of Victims Would Cause Big Sensation.

Eau Claire, Wis., July 29.—(Special to The Herald.)—Many people in this section are watching with interest the sensational developments at St. Paul in the government investigation of the affairs of the Wisconsin Grain & Stock company, operated by the Walrus Bros., which had a branch office here and had plenty of victims in this locality.

The books of the Walrus Brothers contain many of the best known names in Eau Claire and Menomonie. One prominent citizen of Menomonie, whose wealth is estimated in large figures, was touched up in one go for \$25,000. He had no more show of winning than the Chippewa river has of changing its course and flowing up stream.

Eau Claire has some hard headed citizens and business men who have not been taken in by the Walrus Bros. at the same. Their cash went to the Wisconsin Grain & Stock company's bank account.

A list of the names would create a sensation. Many citizens who could ill afford to lose, lost sums ranging from five to fifty hundred dollars without the slightest possible chance of getting any return.

There was no more chance of winning out in the bucket shop game than the most back of winning at a shell game at a circus.

Green Bay.—Cleveland Malone, 15-year-old son of Frank Malone, is dead of lockjaw. While playing a football game on the sidewalk and tottering in his worst form, he was struck by a car and killed.

Wausau.—The jury returned a finding that Daniel McMahon, charged with the murder of Thomas Conners of Oconomowoc, is insane, and was insane at the time of the killing. He will be committed to the insane asylum.

Eau Claire.—Hugh J. Porrett, aged 59, died suddenly at Brinsford. He came from Canada to Eau Claire in 1881. He was president of the Eau Claire board of trade, a local Democratic leader, and was prominent in the National Guard.

Tomahawk.—Guy Fuller of this city, died suddenly at Brinsford. He came from Canada to Eau Claire in 1881. He was president of the Eau Claire board of trade, a local Democratic leader, and was prominent in the National Guard.

La Crosse.—The case started by Dr. W. F. Sargent of Sparta, president of the state board of medical examiners, against S. Norblad, the Japanese chiropractor of this city, who is charged with practicing medicine without a license, has been adjourned by agreement of attorneys on both sides, until Aug. 2.

Eau Claire.—Fletcher B. Rowell, an old relative, passed away at his home in Superior Saturday. He was a brother of the late Frank Rowell, and was well known here.

Shoshone.—The funeral of the late President Rufus H. Halsey, who was accidentally shot and killed at Gobblers lake, Mich., will be held Monday afternoon with services at 2:30 o'clock at the First Congregational church.

OBJECT TO RED FLAGS

People of Hancock Mob Lot of Blatant Socialistic Paraders.

Their Carmine Banners Angrily Torn to Shreds by Citizens.

Houghton, Mich., July 29.—(Special to The Herald.)—Sunday morning the Hancock Socialists, on occasion of the annual picnic, paraded 500 strong, headed by red flags. The police stopped the parade and 8,000 people were bawled out by the police. The parade was held on the Hancock Socialists' grounds. The parade was held on the Hancock Socialists' grounds.

The participants in the parade were mostly of Finnish birth. When the parade appeared carrying red flags crowds of angry American citizens swept down upon them, pummeled and beat them, and manifested in no military manner their disapproval of the methods of the Socialists in their endeavor to stir up public feeling. The city government recently passed an ordinance prohibiting the display of the red flag.

DAKOTAS

SOMETHING WILL DROP

North Dakota Sellers of Impure Food to be Prosecuted.

Professor Ladd Says He is Going to Stop Practice.

Fargo, N. D., July 29.—(Special to The Herald.)—Prof. Ladd is about to take the warpath after the scalps of the dealers who persist in handling and selling impure food products when they know it is a violation of the law, and within a short time these men will realize that something decidedly unpleasant has happened to them unless they mend their ways.

It has been some time since there have been any prosecutions for failure to obey the pure food law, as Prof. Ladd has been waiting until the national pure food law, which is much stronger than the state law, went into effect, and the federal authorities were in a position to assist him.

Now that several national pure food men are in the field, the active work of enforcing the law will once more be commenced, and those who were under the impression that the pure food regulations had become dead letters, and ventured to violate them, will be unpleasantly surprised.

"Apparently a large number of the dealers in the state have begun to believe that products after they have been condemned can still be sold," said Prof. Ladd. "At least they take no liberty to sell them."

"Many dealers are purchasing products which are not properly labeled and which they know are not properly labeled."

"Certain manufacturers are sending products into the state which are not labeled according to the laws of North Dakota, and especially with reference to net weight. They are doing this deliberately and advisedly in my judgment. When my inspectors get into the field they will begin to prosecute and the merchants who have taken chances will not be spared."

Several druggists of the state are selling whisky which they know is not pure. They deserve to be prosecuted and will be.

DULUTH MAN LIKES FAIR.

Mart Anderson Has Words of Praise for North Dakota Institution.

Grand Forks, N. D., July 29.—(Special to The Herald.)—General Passenger Agent Mart Anderson, of the Duluth, South Shore & Atlantic railroad, came over from Duluth Friday to size up the crowd at the state fair, and exclaimed: "I had no idea you would have so many. Your fair is a huge success, both as to attendance and exhibits."

SEIZING LIQUOR AGAINST THE LAW.

United States Supreme Court Ruling is to That Effect.

Bismarck, N. D., July 29.—(Special to The Herald.)—Of late there has been a number of seizures of liquors from warehouses, express companies in this state, under the provisions of the law passed by the last legislature—house bill No. 190—authorizing the seizure by peace officers of liquor which they believe is imported for the purpose of sale, from the place where it is stored with or without warrant.

A recent decision of the supreme court in the case of Adams Express company vs. Kentucky, 204 U. S. 123, although not referring to this law, does apply to the seizure of liquor in the custody of common carriers. The local option law of Kentucky forbids all c. o. d. shipments of liquor to districts where the sale is forbidden, and states that the carrier and agents selling or delivering such goods are liable jointly with the vendor. The Adams Express company was convicted under this law, and the state supreme court upholding the judgment of the trial court. The express company appealed to the United States supreme court on the ground that such an act was unconstitutional, and an attempt to regulate interstate commerce.

The opinion of Justice Brewer holds that the law is an attempt to regulate interstate commerce beyond the power of a state. Testimony of the state.

OPPOSES HANSBROUGH.

M. N. Johnson of Petersburg is After the Senator's Scalp.

Petersburg, N. D., July 29.—(Special to The Herald.)—In the last issue of the Petersburg Record, M. N. Johnson of this place, announces his candidacy for United States senator to succeed Senator Hansbrough.

In a communication addressed to the voters of the state, Mr. Johnson declares: "Having received sufficient assurance of support to warrant a creditable run, I hereby announce that, unless some great and unforeseen change occurs in the political situation, I shall be a candidate for United States senator at the primary election next summer."

It is stated on fairly good authority that the Republican insurgents are not backing the candidacy of Mr. Johnson.

BALL CATCHER DIES.

North Dakota Claim Holder Succumbs to Injuries Received in Game.

Jamestown, N. D., July 29.—(Special to The Herald.)—Thomas Holmes, aged 22 years, who is holding down a claim north of Medina, is dead from injuries received during a ball game at Marston Moor when he ran into a player at O'Connell's, being knocked down and sustaining broken leg.

Everything seemed going on all right, and no very serious consequences were anticipated from the accident. The fall, however, must have caused internal injuries to the brain, not shown at first. For two or three days Mr. Holmes felt in good spirits and expected to be around again soon, but Wednesday a sudden change for the worse appeared and he began sinking into a kind of stupor, from which he never could be roused, and he died Thursday evening at 6:30, being unconscious some time before death. The remains were brought to this city and sent to Storm Lake, Iowa, for burial, his parents residing there.

UNCLE SAM IS GETTING AFTER HILL'S RAILROAD.

Fargo, N. D., July 29.—(Special to The Herald.)—Papers have been served on the local officials of the Great Northern railroad in an action in which the road is charged with having violated the United States laws which regard the watering and feeding of cattle en route. It is charged that a car load of cattle was shipped and the animals went for forty-eight hours without being given water. The case will be heard in the United States court in Fargo in due time.

BUSINESS CHANCES.

MOST BUSINESS, IF COMBINED with pleasure, leads to success. All business ground out in desperation falls in time. Fifty-five miles of virgin woodland, rich in soil and rich in timber, can be traversed by writing to Edmund O. Wallon, 111 South Fourth street, Minneapolis, for a permit over the construction route of the Northern Pacific from the Lake of the Clouds to Little Fork. At Little Fork a large and commodious steamship takes you thirty-three miles up the Rainy river to International Falls. Total expense from Minneapolis, \$7.50. Now, then, what will you see? A new country with marvelous possibilities; a water power of 30,000 horse-power; 5,000,000 feet of pine and spruce; a farming country with soil as rich as the richest in Iowa, and ideal climate; a net work of lakes and streams filled with all the usual varieties of fresh water fish, and money to be picked up for the asking. Read Christopher Columbus, and you will find the story of the court of Spain or "Monte Christo," and you will then partly understand what the riches of Koochiching county really are. No one really knows what the possibilities are there, but a little fishing trip will open your eyes and tell you more than all the writing in the world. Write at once for literature of trip, with suggestions, etc.

ORDER FOR HEARING ON PETITION FOR ADMINISTRATION. State of Minnesota, County of St. Louis. In Probate Court.

THE PETITION of Andrew J. Waagatt, having been filed in this court, representing, among other things, that said decedent, then being a resident of the County of Fairbault, State of Minnesota, died intestate, on the 25th day of June, 1907, leaving estate in the County of St. Louis, State of Minnesota, and that said petitioner is the husband of said decedent, and praying that letters of administration of the estate of said decedent be granted to him.

IT IS ORDERED, that said petition be heard before this court, at the Probate Court room in the Court house in Duluth in said County on Monday, the 28th day of August, 1907, at ten o'clock, a. m., and all persons interested in said hearing and in said matter are hereby notified to appear at said time and place to show cause, if any there be, why said petition should not be granted.

ORDERED FURTHER, that this order be so entered in the records of the Duluth Evening Herald according to law, and that a copy of this order be served on the County Clerk of St. Louis County not less than ten days prior to the date of the hearing. Dated at Duluth, Minn., July 29th, 1907. By the Court, J. B. MIDDLECOFF, Judge of Probate.

WORK ON THE EXTENSION

Train Service Now Established to Littlefork, Minn.

Rails Are Now Being Laid North From Town.

According to W. B. Sherman of Big Falls, Minn., who is in the city today, the work of laying the rails north from the town of Littlefork, Minn., is now being pushed rapidly on both lines, and the contractors in each service seem to be fighting on the running of an excursion to the present end of the line.

Saturday the work of laying rails toward the border from Littlefork was begun, and it is expected that the road will be completed as far as Littlefork, Minn., by August 15, and that train service will be commenced at that time.

The remains of the late Mr. Robert Anderson, who was drowned near Astoria, Wash., July 14, are expected to arrive in West Duluth today. The particulars of the accident have not been learned.

The body remains in the water ten days, not being recovered until July 24. It was shipped to West Duluth last Friday. Mr. Anderson was a son of Mr. Charles Lindberg of Sixtieth avenue west and the funeral will be held from the home tomorrow afternoon. The

THE POLICE COURT GRIST

Botts Bound Over to the Grand Jury for Larceny.

West Ender Threw Teacup at Wife—Hit Mother-in-Law.

Unless some of his friends come to the front with \$500, which is the amount fixed as his bail by Judge Winson, Ora M. Botts will spend the time between now and the session of the grand jury in September in the county jail.

Botts was arraigned before Judge Winson this morning charged with grand larceny. He is said to have stolen three sets of harness and a saddle from Louis Hammel, his former employer. He was arrested in Minneapolis Friday night when he was caught peddling one of the sets of harness by the police. One of the deputy sheriffs was sent after him and they returned yesterday.

Botts pleaded not guilty, and with the exception of the harness which he was caught peddling, he says that he knows nothing of the missing articles. He waived examination this morning and was bound over.

When being taken to the county jail Botts was handcuffed to John Johnson, the negro, accused of the murder of Mrs. Eva Patterson.

Carlo Bonds was arrested Saturday while peddling toy balloons on West Superior street without a license. Bonds protested that he was simply carrying the balloons on his way to the city hall to get a license, but the officer who made the arrest said that he was blowing a horn to attract attention. The judge decided that he was guilty, and he sentenced him to pay a fine of \$5.

Ed Donahue, a West end man, was arrested as a drunk Saturday on complaint of his wife. She appeared in court this morning and testified that he drove her out of the house. She said he threw a teacup at her and hit her mother in the face. In defense Donahue made several references to his wife's character. They got into quite a warm argument in the court room.

While Mrs. Donahue was in the witness chair, the court officers had to interfere to shut them off. Donahue was fined \$12 with a ten-day sentence alternative.

WEST DULUTH WAR VETERAN DEAD.

Henry Alger Passes Away After Long Illness.

Henry Alger, a resident of West Duluth for several years past, died Saturday evening at his home, 418 North Fifty-seventh avenue west, after a lengthy illness.

Mr. Alger was 69 years of age and survived by his wife, two sons and one daughter. The sons are Louis and Edward of Tenstrike, Minn. The daughter is Mrs. M. Derrick of West Duluth. Mr. and Mrs. Edward Alger have already arrived to attend the funeral and the other son is expected today.

The remains will be shipped to Eau Claire, Wis., for interment, that city being the former home of Mr. Alger. Mr. Alger was a veteran of the Civil war and a member of the G. A. R. The

RAILROADS COMPLAIN

Because They Are Fined
for Delay in Deliver-
ing the Mails.

Meeting of Officials May
Cause Open Break
With Government.

Chicago, July 30.—Western railroads are near an open break with the post-office department over the transportation of the mails, owing to a number of recent orders. The latest cause of grievance is the imposition of heavy fines on nearly all the roads for delay in delivering the mail. To consider the situation, a number of railroad officials held an important conference here yesterday.

One official declared that the fines levied by the government against his road in one quarter amounted to \$40,000. A similar condition on other roads was reported. The fines were assessed under a rule which went into effect in July, 1904. The roads are amazed to find that they are in danger of losing 15 per cent of their mail pay unless they revise schedules and place their trains upon running time, which they know they can maintain in all seasons and in all kinds of weather.

The new rule, the roads claim, is oppressive and unjust. It provides that if the mails are late ten times on any route during a period of ninety days the road shall be assessed 15 per cent of the pay of that route for the quarter. Under the speed standards, as now established, operating men declare it would be a marvel, for almost any of the big Western systems to escape having their important mail trains late more than ten times in ninety days. It was stated in yesterday's conference that the postoffice department is preparing in many cases to place their size car westbound and an entirely different car eastbound. One of the government inspectors is quoted as telling a railroad official that this is being done because of the knowledge that rather than to deadline cars for the railroads would in all such cases use the large cars both ways, whereas the government would have to pay for the larger size car in only one direction. The railroads insist their mail revenues are so seriously threatened that something must be done.

SQUAW IS FOUND DEAD ON TRACK

Her Companion is Miss-
ing and Foul Play is
Suspected.

Ashtand, Wis., July 30.—(Special to The Herald).—The body of a Chinaman, identified as that of Mrs. Charles (Goslin) of the Red River reservation, was found on the Northwestern track, south of Ashtand, this morning. She was last seen alive with another squaw walking along the track after the census last night, and as her companion is missing, foul play is feared. The squaws are being searched for the missing woman.

TO VISIT VANDERBILTS.

President and Wife Said to Have Accepted
an Invitation.

Newport, R. I., July 30.—A pleasant morsel of gossip in society here is a reported visit of President and Mrs. Roosevelt. They have accepted, it is stated, an invitation to visit this city Aug. 15, where they will be the guests of Commodore and Mrs. Cornelius Vanderbilt at Beaulieu for several days. The president and Mrs. Roosevelt, if the report of their visit proves true, will be the recipients of as many social attentions as they care to accept during their stay.

FOUNDATION STONE

Of the Carnegie Palace of Peace at The
Hague is Laid.

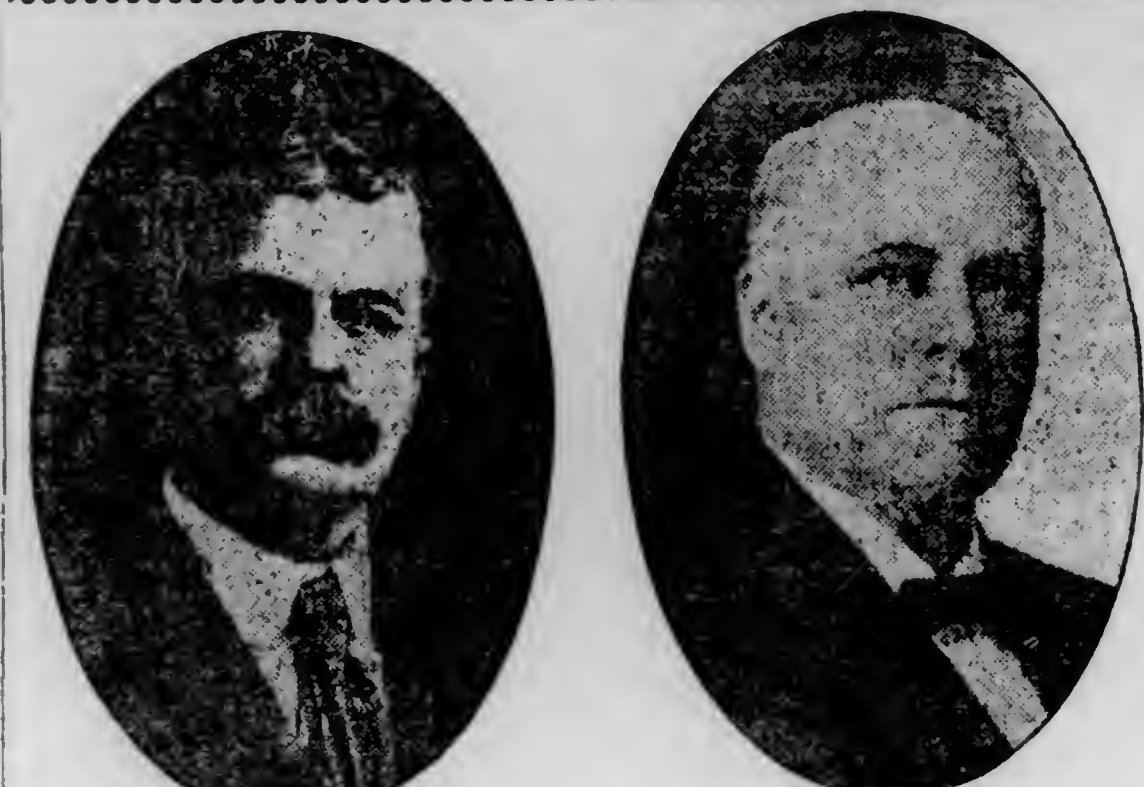

The Hague, July 30.—The foundation stone of the Andrew Carnegie palace of peace was laid this afternoon at Zorgevliet, in the midst of the wooded park stretching from The Hague to Scheveningen, by M. Nelidof, president of the Second Peace conference and the inauguration of this monument which the American millionaire is raising to commemorate and carry on the work of the international peace conference was marked by considerable ceremony.

NEGRO WAS DEAD.

Uncertain Whether He Was Shot by Posse
or Killed Himself.

West Chester, Pa., July 30.—George Thomas, a negro, who shot his wife here Sunday and then fled, was traced to a barn near here last night by a posse. Thomas refused to surrender, and shots were exchanged. At daylight today Thomas was found dead in the hayrack with a bullet wound in the temple. It has not yet been determined whether he shot himself or was killed by a bullet fired by one of the posse. His wife is dying in a hospital here.

Diego. in Committee.

Washington, July 30.—It is probable that another naval station will be created on the Pacific coast as a result of the forthcoming visit there of Admiral Capps, chief naval constructor of the navy, and Admiral Cowles, chief of the equipment bureau. The former left Washington today for New York where he will be joined by Admiral Cowles and the two will journey together to the Pacific coast under special orders from the navy department and make a thorough inspection of the yards and stations on that coast, and report upon the future needs of the navy in that quarter.

Admiral Holladay, chief of the bureau of yards and docks, will follow these two officers to San Francisco and a similar errand. This will involve a very careful examination of the Mare Island yard, and that at Bremerton on Puget Sound. The resources of the two navy yards, which are the only ones on a 2,000 mile stretch of shore land are scarcely sufficient to make even the temporary repairs and dockings that will be required by Admiral Evans' battleship fleet if it makes only a temporary visit to the coast. Hence the inspection of these yards is of primary result in recommendations to congress at its approaching session for a considerable enlargement of the plants at both places.

But from a naval point of view, probably of more interest is the station to establish a naval station at San Diego, Cal., which will be examined from all points of view by the visiting admirals. The harbor at this point possesses superior advantages, as a naval anchorage; there are good railroad connections insuring an abundant supply of coal overland if water communication is cut off in war time and the harbor itself can easily be made impregnable. The distance of San Diego, southward from San Francisco and on the same line with the projected Panama canal would also make it an advantageous coaling point. Of course, the consent of congress would be necessary to render effective its selection.

CHARGED WITH COWARDICE

Two New York Police-
men on Trial Before
Commission.

New York, July 30.—Two policemen, Stephen Walsh and Tracy S. Rossa, are on trial before Police Commissioner Blighman on charges of cowardice. The men, it is alleged, followed Frank H. Warner just after he killed Esther Norling in Forty-second street recently, but when he fired a shot the pursuing officers are said to have flunked and allowed him to escape.

The cases are attracting a good deal of public attention, because while the past there have been many and varied charges against New York policemen, this is the first time in forty years that the courage of any of the men has been questioned.

HARLEM TO HAVE A HOTEL FOR BOYS.

New York, July 30.—A hotel for boys, which is to cost \$150,000 and be under the management of the Children's Aid society, is to be built in Harlem. The hotel will be five stories high, and have accommodations for 100 boys. Besides reading and writing rooms, the hotel will be fitted up with a gymnasium and plunge.

Boys working in offices, stores and factories at from 4 to 15 a week, of whom there are a large number in the neighborhood, are expected to furnish patronage of the hotel. They will pay from 30 to 70 cents a week for lodging and meals will be served at correspondingly low rates.

EVELYN NESBIT THAW TO RETURN TO STAGE

New York, July 30.—According to a report circulated today Evelyn Nesbit Thaw intends to return to the stage this fall despite the objections of her husband and his lawyers. At the office of Daniel O'Reilly, one of the Thaw counsel, a member of the firm said the report was not true. According to the rumors in circulation, Mrs. Thaw has been taking lessons of Carl Blumenthal for some time past and has admitted to her friends that she was preparing to take part in a Broadway production in the near future.

It has been freely prophesied along Broadway ever since the Thaw trial that Mrs. Thaw would not be able to endure the retirement from the footlights that her mother-in-law and her husband wished for her. It is now said that when Mrs. Thaw returns to the stage it will not be as a chorus girl, but she will have a prominent part.

Daniel O'Reilly and Russell Peabody, Thaw's lawyers, and Mrs. William Thaw, mother of the young millionaire who shot Stanford White, it is reported, have been bitterly opposed to Evelyn's going on the stage, but Mrs. Thaw, it is said, does not believe it will have a detrimental effect on her husband's next trial, if she returns to the stage.

IS AFTER THE POWDER TRUST

Government Files a Peti-
tion Asking for Its
Dissolution.

Columbus, Ohio, July 30.—The friends of Secretary Taft are claiming today an addition of three votes in the state central committee because of the letter Senator Foraker sent to C. B. McCoy last night. Foraker's letter places him squarely in the fight for the presidential nomination. The Taft men say they will have at least thirteen votes in the committee for the endorsement of Taft for the presidency and that they may have sixteen to seventeen. While the Foraker leaders are insisting that they can prevent an endorsement of Taft when the committee meets this afternoon they do not give out figures.

It is generally conceded here today that the suggestion made by Foraker in his letter of a primary to settle the matter of Ohio's choice for the presidency and the acceptance of the challenge by Arthur Vorys, manager for Taft, means a state primary probably early in the fall to settle the fight. The matter will not be decided at the meeting of the state committee today. It is stated, although some of the Taft men are urging that the question of a primary be taken up.

CELEBRATES HER 101ST BIRTHDAY

"Grandma" Gross Passes
Another Milestone in
Long Life.

St. Paul, July 30.—(Special to The Herald).—Mrs. Maria Gross, known to her friends as "Grandma Gross," celebrated her 101st birthday in the Women's building at the soldiers' home yesterday. Gilbert Gross, her son, 73 years of age, came from Owatonna to be present but her other children, Mrs. Mary Newton, aged 75, of Oakbrook, Wis., and Oscar Gross, aged 72, were unable to attend. They wired congratulations, as did also a large number of Mrs. Gross' friends. Mrs. Gross was born in Saratoga Springs, N. Y., on July 29, 1806. She was married there and moved to Owatonna, Minn., in 1849. Her father was a veteran of the war of 1812 and of the Mexican war, while her husband and two sons fought in the Civil war.

Shocked With Horror at

Tavshanjan.

Following Examination
of Priest, Police Make
More Arrests.

New York, July 30.—In a statement issued through its executive committee in America today the Armenian Revolutionary Hunchakist party disclaims all connection with the assassination of Tavshanjan. The statement declares that the men concerned in the assassination were expelled from the Hunchakist party "for treachery and heinous crimes of blackmail" and that since their expulsion they have done much to "degrade the honored name of a great patriotic party."

The statement says: "Like all patriotic and law-abiding Americans the members of the Armenian Revolutionary Hunchakist party have been shocked and filled with horror and consternation by the cowardly assassination of their countryman, the late H. S. Tavshanjan. They are especially indignant because the disreputable leaders of the small gang of blackmailing murderers presume to call themselves 'Hunchakists,' degrading thus the honored name of the patriotic party."

"For various acts of treachery and heinous crimes of blackmail, they were finally expelled from the Hunchakist party. Yet they always endeavored to call themselves 'Hunchakists' and have been exploiting thus the great name of our old party—so loved and honored by all patriotic Armenians."

"These traitors during their decade of existence have done nothing for Armenia but bring disgrace to her fair name by their heinous crimes of blackmail and murder. The scandal of their misdeeds reached such a point that even their own followers rebelled late-ly."

"Therefore the executive committee of America of the Armenian revolutionary Hunchakist party earnestly requests the impartial press and the people of America not to confound this gang of blackmailers with the old mother party and hold her responsible for its shameful and loathsome misdeeds."

JACOB RIIS IS MARRIED

Well Known Settlement
Worker Takes Secretary
for Second Wife.

Boston, July 30.—A special dispatch from Ipswich, Mass., today told of the marriage in that town yesterday of Jacob A. Riis, the author and settlement worker, to Miss Mary A. Phillips, who for some time has served as Mr. Riis' secretary. Only the immediate relatives of the bride and the young son of Mr. Riis were present. Every precaution had been taken to avoid publicity, and it was not until several hours afterwards that the news of the marriage became known.

LAWSON CONTROLS HUMBOLDT SMELTER.

Prescott, Ariz., July 30.—Thomas W. Lawson of Boston, according to an announcement made last night, now controls the Humboldt smelter, near Prescott, having secured possession on July 9, of all but 25,000 shares of the capital stock of the Consolidated Arizona Smelting company. The intention is said to be to enlarge the plant and develop various copper properties owned by the company. The present capacity of the smelter is 15,000 tons per month. The company is capitalized at \$17,500,000.

ULYSSES GRANT, III, TO MARRY MISS ROOT.

Washington, July 30.—Announcement was made today of the engagement of Miss Edith Root, only daughter of the secretary of state, and Mrs. Ellhu Root, to Lieut. Ulysses S. Grant, III, U. S. A., son of Maj. Gen. Frederick D. Grant, commanding the department of the East, and grandson of the late President Grant. No date has yet been set for the wedding, but it probably will occur in the autumn. Lieut. Grant has been one of the military aides to President Roosevelt, and the social duties of that position first brought about his acquaintance with Miss Root.

Charged That He In-
tended to Use Same

Bail of \$1,000 Furnished
and Strike Leader is
Released.

Claims He Merely Car-
ried Weapon for Self-
Protection.

(From a Staff Correspondent.)
Hibbing, Minn., July 30.—(Special to The Herald).—Telfio Petriella, the active leader of the strike, was placed under arrest shortly after 9 o'clock this morning on the charge of carrying concealed weapons, and was confined in the Hibbing jail.

Petriella and Mahoney, the acting president of the Western Federation of Miners, were driving in the federation carriage toward Chisholm. They were crossing the bridge which leads to the Sellers mine when the guard ordered them to stop. Instead of pulling the carriage up, Petriella whipped up and tried to pass. The guard fired several shots into the air, and Petriella was almost instantly surrounded by several deputies. He was arrested and when searched was found to have a revolver and \$800 in money on his person. He was held on the charge of carrying concealed weapons.

Mahoney offered to allow himself to be searched, but he carried no weapons. The men made no attempt to enter about the jail where Petriella was confined. Mahoney turned around and came back to Hibbing after his companion had been arrested.

Held to Grand Jury.
Petriella was taken before Judge Brady in the municipal court and examined on a charge of carrying a dangerous weapon, an automatic 38-caliber revolver, with intent to use it on another person. He was bound over to the grand jury at the September court. Bail of \$1,000 was furnished, and he was released.

Petriella claims he did not intend to use the revolver on anybody, but had it in his pocket to defend himself in case of a holdup, as he had \$1,000 on his person, was out collecting from the local unions.

Aside from Petriella's arrest and the affair with Nashvick last evening, everything is quiet this morning on (Continued on page 4, third column.)

TWO WOMEN STRANGLER

Two Terrible Crimes In-
side of Twelve Hours
in New York.

New York, July 30.—The bodies of two women with the marks of the strangler on their throats have been found here within the last twelve hours and the police believe that one man committed both crimes. Neither of the victims has been identified.

One woman was found dead early today in an alleyway on East Ninetieth street. The marks of a thumb and forefinger were visible on her throat and her face and neck were smeared with blood. She was about 27 years old. No one in the neighborhood heard sounds of a struggle.

The body of the other woman, also the victim of a strangler, was found last night in a Twenty-second street boarding house. The woman, who had been with a man who gave his name as Davis. Her body was found last night in the room the couple had occupied. A necktie had been knotted tightly around her throat and she had been dead for several hours. The blood vessels in the neck were broken and the woman's clothing was drenched in blood. No trace of the man, who had the appearance of a foreigner, has been found. The dead woman was about 24 years old.

PASSENGERS WHITEWASHED

Occupants of Subway
Car Have Annoying
Experience.

New York, July 30.—Fifteen passengers, generally well dressed, were whitewashed last night while riding through the Fourth avenue tunnel in an open car.

Whitewashers of the tunnel roof and walls are using a pneumatic spraying system and as the car in question came along something went wrong and the spray was directed toward it. The motorman, according to the passengers, stupidly stopped his car. He was drenched. Then he started the car through the stream and as it slowly began to move there was ample time to drench every one of the passengers. The angry passengers declared their white suits would become damage suits.

WEATHER FORECAST—Partly cloudy tonight and Wednesday, slightly cooler tonight.

COMPANY HAS NOT YET GIVEN ITS ANSWER TO MEN

Reply to Ore Handlers Not Expected Before Morning.

Men Will Meet at Columbia Hall to Hear It Read.

No reply to their offers to return to work and arbitrate all differences between the two factions has yet been received by the striking ore dock workers from the Steel corporation and so far the strike situation remains the same as it was yesterday.

This afternoon, however, a formal reply is being drafted by the officials of the Steel corporation and this will be in the hands of the executive committee of the strikers tomorrow morning and will be read to the men at the meeting to be held at Columbia hall. It was expected this morning that this reply would be received by the committee of the strikers through Mayor Cullum this afternoon, but at the meeting of the committee at labor headquarters the members were informed that the reply would not be ready until tomorrow morning.

What the reply will be is known only to the Steel corporation officials and all the information which Mayor Cullum could impart this afternoon was that the reply would be in the hands of the union tomorrow morning.

In case the reply is favorable to arbitration, the men will in a position to go back to work by noon tomorrow.

CONTRACTS AT LAST LET

Pastoret & Lunz Will Build Two New Systems.

More Than \$20,000 Was Saved on Hillside System.

It paid the city to readvertise for bids for the Hillside water and gas and the Lakeside gas systems. When the bids were opened at the last meeting of the commissioners it was found that Pastoret & Lunz of this city were low on both jobs and that their figures on the Hillside system at least were lower than those of the lowest bidder on the first occasion. The contract for both the Hillside and Lakeside systems is now being drawn up and the contractors are preparing to start work next week.

On the Hillside system the Duluth firm was the only bidder. Its figures being \$2,485. The lowest bidders last time, Fairbanks, Morse & Co. of Minneapolis, offered to do the work for something over \$3,000. On the Lakeside system Pastoret & Lunz bid \$5,050. Fairbanks, Morse & Co. bid \$5,020 on the same work and Frank Thomas bid \$2,485.

Two only thing which can delay the extension now is a failure to get pipe. Owing to the fact that the sale of the bonds for the extension was delayed last June, the department was not in possession of funds sufficient to sign a purchase order for pipe at the time necessary as at first stipulated, and it is coming very slowly now. It is hoped, however, that it will be able to secure more freely in a few weeks. Some of the pipe now in stock is broken and is being shipped back.

This shortage in pipe, not a shortage in funds, will probably bring up further extensions than those already considered this year.

School Building Progressing.

of Minneapolis.

Will be at Prior R. Spalding Hotel, Thursday and Friday, Aug. 1 and 2, Two Harbors, Saturday, Aug. 3.

Dr. E. S. Bugbee relieves all eye strain that causes cataract, blindness, red, sore and inflamed eyes, headache, dizziness, black and floating spots, nervousness, etc. without drugs or pain. Unexcelled by Ocular or Medical Science. All cases thoroughly examined under Dr. Bugbee's Skioscopy, revealing the slightest errors of refraction as well as any diseased or abnormal condition of the eye. (Glasses made that WILL FIT). New lenses put in old frames if desired. Replaces lenses from prescription or from pieces of eye strain and the wearing of properly fitted glasses will relieve these conditions.

Special attention to cure and relief of nervous troubles, such as *Dementia, Asthenia, Stammering, St. Vitus Dance, Hysteria, Neuritis, etc.* Those troubles are largely caused and come from irritation of the vital nerve and brain centers caused from uncorrected eye strain and the wearing of properly fitted glasses will relieve these conditions.

MARKET IS NEGLECTED

Copper Shares Are Stagnant and Show Weak Tendencies.

Superior & Pittsburg and Greene-Canea Are Weak.

The copper stock market was stagnant today and practically neglected, except for a few of the unlisted issues. The midsummer quiet is at its height and there seems to be no initiative to force prices either way.

Amalgamated took another feeble hammering from the bears today, but stood up well under the strain and closed at \$88, a loss of but 12 1/2 cents from the opening and 25 cents from yesterday's close. The price fluctuated rapidly at times, touching a low point for the day of \$87.75. Anaconda opened at \$56.25 and dropped to \$56, being neglected at the close. Miller and closing there, with no change from yesterday's close.

North Butte opened at \$79.87 1/2 and showed little change from that price throughout the session, closing at \$80 and \$80.50. Copper Range opened at \$73 and was inactive and depressed, closing at \$77.75. Butte Coalition opened at \$24, advanced to \$24.50 and closed at \$24.50. Calumet & Arizona was quiet at \$165 and \$167. Greene-Canea and Superior & Pittsburg were given the most attention in the curb market. They opened weak and came out freely, the price sagging throughout the day. Greene-Canea opened at \$15.75 and there were sales at gradually decreasing prices to \$15.25, the low point. The price rallied slightly at afternoon to \$16.25. Superior & Pittsburg opened at \$16.50, dropped to \$16.25, advanced again to \$16.50, but was not touched and closed at a low mark at \$16.25 in the local market and \$16.12 1/2 in the Boston market, with no signs of a rally.

Denn-Arizona held up well, with its closing price of yesterday. It opened at \$9, sold to \$9.12 1/2, dropped back to \$9 and then went off to \$8.75. Globe sold at \$13.75. Butte & Superior at \$3 and \$2.75. Copper-Queen of Idaho at \$1.75. Keweenaw at \$8.50 and Black Mountain at \$5.12 1/2. Clift was very active, there being a good demand, but the numerous orders for the stock kept the price down, all sales being made at \$2.50. Calumet & Sonora was inactive at \$18 bid and Hancock at \$9.50 and \$9.75.

No Complaints Before Board.

The county board of equalization was scheduled for a meeting yesterday, but no complaints were received. The board have been very few and unimportant up to the present time. The last meeting of the board was on July 23 to report on Aug. 7 to the county board. It is expected that some complaints will come in before that time so as to give the board something to do.

Four Men Enlisted.

During the seven days stay in Duluth of the gunboat, the cabin crew of young men were secured as recruits for the United States Navy. They were P. Sipes, William Wilson, William Andrew Pailings and A. L. Torrey, all of this city. The recruits officers refused enlistment to nearly two dozen applicants, some of whom were recruits. Hundreds of Duluthians visited the old warship during her stay here and they were most courteously treated by the officers and members of the crew of the Wolverine. The Wolverine will leave for Put-in-Bay, Lake Erie, this afternoon.

Buyers Go East.

F. E. Fleischmann, the china and hardware buyer for Prelimith's, and E. W. Kallenbach, Thomas Griffith, Dave Loew and J. Robinson, all officers for various departments of Prelimith's store, will leave this evening for New York and other Eastern wholesale centers to put in orders for the fall stocks of goods.

to his manner, and the warrant was the result. Judge Cutting found him guilty and imposed a fine of thirty days in jail. He gave him a degree raking over, saying that he was a disgrace to his profession. Miller was unable to pay the fine up to 8 o'clock this afternoon. He is a married man and resides here.

W. R. C. Annual Excursion.

The annual excursion of the Woman's Relief Corps to Fond du Lac will be given on Thursday of this week on the Steamer Newbury. The boat will leave Duluth at 8 o'clock Thursday morning, returning in the afternoon. The proceeds of the excursion will be used in the purchase of a flag for the Citizens' Staff, which was organized last spring.

W. H. Hargreaves, and Mr. Williams,

a brother of Mrs. Hargreaves, from the East, were in the tonneau. The machine struck a loose stone and skidded, suddenly overturning. The party of five in the tonneau were pinned under the machine.

The chauffeur and another gentleman, a guest of Mr. and Mrs. Hargreaves, who were sitting in front, leaped clear of the machine. They at once set to work with jack screws and lifted the car from the people in the tonneau, and a hasty examination revealed the fact that all injuries were confined to scratches and bruises of a minor nature. Mr. Duncan was the most seriously injured.

SUPERIOR NEWS

LOCATION ANNOUNCED

Great Northern Shops Will be Built in West End.

Contractors Are Ordered to Begin Work at Once.

Announcement was made this morning that the great pressed steel car shops of the Great Northern road would be located at the west end of the city. The exact location, to the west of the present repair shops of the road. The information as to the location of the mammoth plant was given out by an official of the road.

Work will be immediately commenced on the shops by Schmidt Bros. & Hill, who have done most of the Great Northern contract work in Superior. The first building will be of brick, structure costing about \$75,000, and the material will be brick, which has already been ordered. Ground will be broken for the structure at once. The company at present owns forty acres of land to the west of the present shops where the new one will be located. This was acquired about a year ago, and there have been plans for acquiring a good deal more to consolidate the works of the company.

BREWER ARRESTED.

Charged With Selling Beer Without a License.

J. A. Klinkert, proprietor of Klinkert's brewery at Twenty-eighth street, is the latest alleged offender against the new law. He was expected to be arrested today, but was not. He was arrested in the municipal court this afternoon on the charge of selling liquor without a license.

While the saloonkeepers of the city are said to have been obeying the order fairly well during the year it has been in force, it is claimed by Chief McKinnon that at Klinkert's brewery it has been possible for some Sundays back to secure beer either in large or

small quantities, and that the sales here have in large measure offset the effect of the law.

TWO NARROW ESCAPES.

Superior People Narrowly Miss Death From Drowning.

Two narrow escapes from drowning are reported in Superior. In one William McNally, engineer for the Northern, the 8-year-old daughter of Mr. and Mrs. Joseph Mogava of Allouez, from death by drowning in Allouez bay. The girl was crossing a bridge over one of the bays there when she fell in. McNally was 300 feet away at his engine when he saw the accident. He ran to the water, dove twice after the girl, and with the assistance of others who came to his aid, pulled her out. The other accident occurred on Superior bay. Mr. and Mrs. E. H. Perkins, Mr. and Mrs. L. D. Newton, and Mr. and Mrs. Frank Hayes and children broke through the landing at Mr. Hayes' bathhouse and had a good deal of difficulty in getting out. Mrs. Perkins had the closest call, and was pulled out by her husband.

New Insane Asylum.

Bids for the work of constructing the new insane asylum, to be put up by Douglas county near the poor farm, will be opened on Aug. 28. The plans, drawn by Carl W. Niven and approved finally by the state board of control, were adopted by the board of supervisors at the meeting yesterday and the clerk instructed to advertise for the bids. This was the only matter that came before the county board yesterday.

Begin Work on Sheds.

Schmidt Bros. & Hill, contractors, have been instructed to go ahead by the Great Northern with the work of putting in the new transfer sheds on Winter street adjoining the offices of the company. The sheds will be in the neighborhood of 500 feet long and will accommodate 130 cars at a time. The cost of sheds and the truckage that will be put in will run close to \$100,000. Several miles of new track will be required. It is expected that the new shed and other facilities will add much in relieving the freight congestion that occurs in the yards many times during the year.

Will Build Cement Walk.

Sang & Stewart have been given the contract for the building of cement walks on the south side of Broadway from Hammond to Clough, east side of Baxter from Winter to the Omaha tracks, west side of Baxter from Sixth to Eighth, west side of Cumming from Fourth to Fifth. The price is \$1.03 per lineal foot for a six-foot walk.

Create New Position.

The board of public works is anxious to have a new \$100 position created on account of the great amount of

work being done in the way of street improvements. At the next meeting of the council it will ask for the appointment of a general inspector. There are now half a dozen street inspectors and what the board is after is one man who will look after all the work and have supervision over the inspectors. This man would be expected to report direct to the board.

Rev. Hannum Gets Call.

Rev. Henry O. Hannum, pastor of the Pilgrim Congregational church, has been tendered a call to the First Congregational church of Holyoke, Mass. Rev. Mr. Hannum has not yet made any announcement as to what he will do in the matter, but it is generally expected that he will go.

The pastorate at Holyoke has been vacant since Jan. 1, and Rev. Mr. Hannum was selected by a unanimous vote of a large number of ministers with whom the Massachusetts people came in touch. It is a number of years ago that he exceeded that of this city in size.

Rev. Mr. Hannum came to this city from Boston where he was assistant pastor of the Old South church. He has been here for about three and a half years and has been very prominent.

Lighting Contract.

The council will meet tonight in committee of the whole to consider the lighting contract. It still has before it the proposition of the Superior Water & Power company to furnish lights at \$60 each and to furnish light for the city hall free of charge. Additional lights are to cost \$35 under certain conditions. The municipal ownership plan is still hovering about, and it is hard to tell what action will be taken by the city fathers in relation to the matter.

Three Times Too Many.

It was a case of three times and out for Anthony Joyce with the Superior police. A couple of his erstwhile friends accused him, last week, of larceny from the person, but there was nothing to hold him on and he was ordered out of town. He was in court again yesterday, as a vag, however, and was again told to get out. Today he was up once more, and he will now cut his last for Antonio Johnson at the workhouse.

Hard Month for Bums.

Superior police are planning a crusade tonight to make the month of July more than a record-breaker. Already 42 arrests have been made during the month, so that all previous records for arrests in one month have been already broken by over 80 arrests. But the police have a plan that they want to make it good, and in order to do this they plan a box-car cruise tonight. It will take only 25 vag and drunks to make the box-car cruise. It is expected that a visit will be made to the railroad yards and the coke ovens to see if this number cannot be secured. It will be a hard night for the bums and also for the patrol horses, which have already been pretty well worn out this month.

DELIGHTFUL DAY'S OUTING.

First of Herald Excursions Enjoyed by Large Numbers Yesterday.

Many availed themselves yesterday of the opportunity of a delightful river ride to Fond du Lac on the steamer Newsboy at the Herald excursion rate of 30 cents. Children were very much in evidence, as were the well-filled family lunch baskets, and the day's outing proved a most enjoyable one. This is the season of the year

JEKYLL AND HYDE CASE

Strange Dual Personality is Revealed in Police Court.

Ordinarily Quiet Young Man Seized With a Strange Malady.

A case of dual personality, attributed to epileptic fits, which rivals that of Dr. Jekyll and Mr. Hyde came to light in police court this morning. Ed Meyers of West Duluth, is the victim. Meyers was locked up yesterday afternoon charged with drunkenness after he had broken a \$65 plate glass window in the saloon at 281 West Superior street. After being locked up in the jail for a few minutes yesterday afternoon, Meyers started pounding on the door of the lockup and brought jailer Johnson to the door. As Johnson opened it Meyers made a vicious assault upon him with one of the plumbing fixtures from the toilet room which he had wrenched off. He attempted to strike Johnson on the head with it but was overpowered.

That is one side of Meyers character. The other is quite different. Ordinarily he is a quiet, well behaved young man living with his parents at their home in West Duluth. He does not drink excessively, and he turns all his money over to his parents.

Two or three years ago he began to be seized with fits of a strange nature. He seemed to lose control of himself and to be subject to temporary insanity. Sometimes he fell to the sidewalk frothing at the mouth like an ordinary epileptic and at other times he continued on his way, totally irresponsible.

He claims that he had one of these strange fits yesterday. He remembers nothing except realising, yesterday morning that he was about to be seized with one. When he came back to himself he was lying in a cell in the jail. This was after the assault on the jailer.

Several witnesses testified that they had known that Meyers was subject to these fits at various times. He drank heavily at other times, but only very little at other times, they said. William Tusken, his brother-in-law, said that the fits were an occurrence of perhaps twice a week, and that he became perfectly irresponsible during this time.

Judge Cutting said that while liquor might have been responsible for Meyers' condition yesterday it might have been a plain case of insanity, but that irresponsibility, and he did not care to impose sentence under these conditions. He conferred with Dr. Graham of West Duluth, who attended Meyers, and with Lieut. Briggs of the West Duluth police, who had arrested Meyers as being drunk several times when he was simply in one of his fits, and finally continued the case for thirty days. If Meyers shows a clear record sentence may be suspended.

ELECTION IN MANILA PROCEEDING QUIETLY.

Manila, July 30.—The election is proceeding quietly and practically a full vote had been cast at noon. No disorders have been reported. The people do not seem to realize the methods of the management of the election and were continuing asking the authorities to interfere with electioneering near the booths, etc. The authorities are trying to impress upon the voters with the idea that the election is entirely within the control of the people and that they shall be no interference. Heavy rains fell throughout the morning.

Let Uncle Sam Dig the Canal.

It is the opinion of many prominent officials that the building of the Panama canal should be tossed by Uncle Sam instead of giving the contract to some individual or firm. They argue that it will then be built without any hitch because the people have unbounded faith in his ability, honesty and grit. There are also thousands of persons who have unbounded faith in Roosevelt's stomach. Bitters, because they know from personal experience that it will do all that is claimed for it. During the past 64 years it has made an unequalled record of cures of flatulency, sour risings, heartburn, poor appetite, costiveness, dyspepsia, indigestion, diarrhoea, biliousness, female ill or malaria, fever and ague. Don't accept anything in place of Postum's if you want the best results. We guarantee it pure.

CREOSOTE IS ALL RIGHT

Engineer Did Not Mean to Knock in Viaduct Report.

"The creosoted block pavement is also badly rotted in many places." So read City Engineer McGilvray's report on the condition of the Sixth avenue viaduct which was submitted to the council last night. This portion of the report caused considerable interest among property owners who have been wondering whether the much vaunted creosoted block pavement is a fake. McGilvray says it is all right. The paving on it is all right. The blocks on it have been laid in 1897, for ten years, having been laid in place. It was laid during the early years of the "creosote" process when it was far from as perfect as it is today. The blocks were not so well protected, and by the creosote as were those installed on First street. And then, says the city engineer, ten years is not so bad anyway. About 100 of the blocks on the viaduct are now rotted, and it is expected that the number will be increased each year unless something is done.

CASE IS NOT TO BE PUSHED

Sailors From Wolverine Get Into Row on Bowery.

If Ole Halverson feels disposed to swear out a warrant for their arrest on an assault charge, three sailors on the steamer Wolverine, now at anchor in the local harbor may be arrested within the next few days. It is considered rather doubtful whether Halverson will do this, however, and the flurry will probably blow over. Halverson got into an altercation with three of the sailors from the steamer last evening on the Bowery. The names of the seamen could not be learned. It ended up by all three diving into the Hudson and knocking him down and kicking him. At the height of the rum-puss Sergeant Clifton and Patrolman Bradley appeared on the scene. The sailors took to their heels with the officers after them. Clifton and Bradley fired several shots into the air to lighten the fleeing mob but they kept on undaunted. They beat the police to the boat at the Sixth avenue slip and got aboard. When they arrived on the deck the police officers were confronted by the Wolverine's seamen indignation, who showed a forgiving disposition inasmuch as the men were doing their duty in keeping the officers off the boat, and it is considered doubtful whether the case will be pushed.

NEW HOTELS FOR BOVEY

Two Hostleries in Range Town Rapidly Nearing Completion.

Whitmas and Fitzer to be Finest in Itasca County.

Bovey, Minn., July 30.—(Special to The Herald.)—Work is progressing at a satisfactory rate on the two new hotels being built in Bovey, Minn. The Whitmas is a three-story frame building, 100 by 32, not including the kitchen, and is located on the corner of Second and Main.

The lobby fronts are on Second avenue, and is faced with a plate glass front. This room is 22 by 42, and is connected with the barber shop and saloon; annexed to it are toilet rooms and the main stairway leading to the upper stories and the basement. The dining room also faces on Second avenue, is well lighted and is 20 by 40. Adding an servants' quarters, kitchen and passageway to basement and servant's rooms in the second story.

The entire first floor is handsomely finished in oak. The lobby, bar room and barber shop have steel ceilings, which will be decorated. In the second and third stories are forty large bedrooms, ranging from 10 by 14 to 14 by 14, a wide hall, six feet, extends the full length of the hotel. On the second floor is the parlor. All floors are fitted with lavatories and bathrooms. In the basement may be found a large pool room, storage rooms, refrigerator, vegetable room and laundry. The basement is well lighted, with nine foot ceilings.

On the first floor a space 19 by 40 is reserved for a first class bar room, which will have a corner entrance. Adjoining the saloon will be a modern barber shop, connected with first class bathrooms in the basement. The entire building is to be heated by steam, wired for electric lights, and the electric bell system will be installed. The plumbing is to be first class, and complete for the bathroom, lavatories, etc. The building is to be finished in hardwood. The building is to be plastered throughout; the floors will all be hardwood, with the exception of the basement, which will be cement.

Vonberg & Johnson have the contract for the building, and the work is being superintended by Architect F. E. Johnson of Coleraine. The work is going forward rapidly, and the building is expected to be completed within the next six weeks.

The Fitzer Hotel. The Fitzer Hotel, being built by the Fitzer Brewing company of Duluth on the corner of Third avenue and Second street, has progressed as far as the first floor. The Fitzer building is to be 33 by 122, three stories high. The building will be solid brick, faced with Monomac sandstone brick. Its dining room is 27 by 40, and the lobby 25 by 27. In the lower story there will also be kitchen, pantry, store room, correspondence room, baggage room and card room for the saloon.

The second story is to have twenty-two sleeping rooms and a sitting room. A broad, open staircase will lead from the lobby, and there will also be a stairway in the rear. There are two toilet and bathroom on this floor. On the third floor will be twenty-three sleeping rooms, two baths and a large linen closet. Corridors five feet in width will extend the length of both floors. The bathroom is by toilet room, sample room, storage room, boiler room, and room, vegetable room, and room. The floor of the basement is to be cement, the other floors throughout of hardwood. The foundation is of concrete.

The lobby opens on Third avenue and will be faced by two large plate glass windows, while the saloon opens on Second street fronted by five large plate glass windows. The building is to be modernly fitted, heated by steam, wired for electric lights throughout. All corners are to be galvanized iron, and the walls are to be plastered and tinted, and several suites of rooms are to be furnished with a trimmed within in birch. The lobby, saloon and dining room are to be solid in decor and arranged by the architect, J. W. Hill, of Duluth, has the contract, and is superintending the work. Work is moving along so rapidly that it is expected, the building will be completed in eight weeks.

NEW CITY ELECTS.

Officers Are Chosen for the Embury Town of Costin.

Virginia, Minn., July 30.—(Special to The Herald.)—The new town of Costin, the latest addition to the county, has elected its first set of officers as follows: President, David Tausignant; clerk, John Lemmon; treasurer, John A. Beck; trustees, Jerry Nault, John Stimm, Marcus Josephson, James E. Smith, and J. M. Bjornstad; constables, R. B. Freedy, Anton Anderson.

NEW BANK FIXTURES.

First National of Coleraine Fitted Up in Fine Shape.

Coleraine, Minn., July 30.—(Special to

The Herald.)—The temporary oak fixtures in the First National bank have been removed, and in their place have been put in as beautiful fixtures as will be found in any like establishment in the Northwest. The new fixtures are of mahogany and the rest in the teller's and cashier's windows of green and white marble. The employees' desks are in the same rich shade of mahogany, and the furnishing scheme is carried into the directors' room in the rear of the building, the new furniture for which has just arrived. The solid mahogany, very elegant and massive and in the plain styles which are in vogue at present.

RANGES IN BRIEF

Chisholm.—The grocery men and butchers of the village have decided not to give any credit to anyone during the strike, and all sales must be for cash. There will be no discounting and all will be treated alike. This agreement may be extended indefinitely later on after the strike.

Coleraine.—The Methodist Sunday school will have a picnic Friday, Aug. 1, at Ryther's Point on Trout lake. The picnic will meet at the boat house at 8:30 a. m. and be conveyed to the point in the launch.

Tower.—The Tower Lumber company has begun proceedings in the district court to recover \$2,000.34 from the Duluth Box Manufacturing company. This amount is said to be due for lumber delivered by the plaintiff to the Duluth company the past year.

Deer River.—Mr. and Mrs. Clifford Holman, who were married in Buffalo three weeks ago, returned recently from their wedding tour, and after a visit of a few days in Deer River proceeded to Big Fork, where Mr. Holman is employed in the lumber business.

Elly.—The vote for George Holmes for school director at the last election was not unanimous. There was one vote cast for someone else. Mr. Holmes was elected to fill the place at Grand Marais.

Virginia.—The Ladies Aid society of the Methodist church will give a social Wednesday afternoon at the home of Mrs. W. J. Sincok at the Lincoln. A cordial invitation is extended to all to attend.

Elly.—The citizens generally here are taking a great interest in the approaching tournament, to be held in August. Plans are being made to have all business places decorated for that occasion, and a veritable harvest in the passenger traffic these days. This includes travel between towns, and the heaviest receipts come from travel to Duluth and other points.

PATRIOTIC ARMENIANS

(Continued from Page 1.)

Twenty years of existence has raised funds for her heroic struggle against Turkish tyranny, only through absolute voluntary contributions from patriotic Armenians.

This statement is called an unofficial declaration and is signed by the committee.

The police and the district attorney's office promise new and startling developments in their investigation of blackmail and extortion practiced upon prosperous Armenians by the murder recently of H. S. Tavshanjian, the rug merchant.

It is reported today that Bedros Hamptsonian, who killed Tavshanjian, and is now in the Tombs under indictment for murder in the degree of first degree at Lowell, Mass., at the home of an uncle for several years. His real name is said to be Bedros Khachaturian. He is said also to have always been devoted to Father Levant Marzoukian, the Armenian priest, and has been placed under arrest in connection with the case.

Following a searching examination of papers and documents which resulted in the arrest of Petriella, but from what I know I should say that the deputies acted correctly within their sworn duty. Petriella and Mahoney were turned back from the private property which the deputies were guarding yesterday.

Today, I understand, when Petriella and his companion attempted to force their way upon this private ground, the deputies attempted to halt them. They were under the law, for trespass and the fact that women were found on his person made it more important upon the deputies to charge him with an infraction of the law. There are a number of men at work there and it is our duty to see that they are properly protected.

How He Travels. Tennessee Banker Uses a Big Auto Containing Buffet and Library.

Mr. Vernon N. Y., July 30.—John H. Watkins, president of the National Bank of Commerce, Memphis, Tenn., is believed to be the greatest long distance commuter in the world. Mr. Watkins has a country home near Mt. Kisco, N. Y., and travels to and from it twice a week. He is believed to be the best equipped machine ever built. The car is a six-horse power and contains a writing desk, a library of over 100 volumes, a typewriter, a stenographer, and a typewriter machine with him and attends to his correspondence on the route. It takes about six days to make the run from Memphis to Mt. Kisco.

FEW MEN REMAINING

About 500 of Strikers Have Left Two Harbors.

Secretary in Duluth for Conference With the Local Men.

Out of a total of about 600 ore dock workers who went out on strike at Two Harbors two weeks ago, not more than 100 still remain at that port awaiting the settlement of the strike, according to a statement made this morning by Secretary Wright of the Two Harbors union of ore handlers.

Mr. Wright is in the city today accompanying four other members of the Two Harbors union, who form a delegation, which will meet in joint session with like delegations from the Ore Handlers' union of the Mesaba and Alouez docks this afternoon. The meeting will be held at 2:30 at one of the local labor halls.

The Two Harbors delegation has given out that as soon as the strike began, the men began to leave town and the present only a small number of the total remain. The rest have gone West or North and will be employed in railroad construction work or later on in the Western harvest fields.

Should the strike be settled at Two Harbors and the company decide to abide by the demands of the men it would still be necessary to engage several hundred outside men in order to handle the ore from the docks. It was stated by one member of the Two Harbors delegation that not more than 10 per cent of the strikers there owned their own homes.

At Alouez this same condition prevails and many of the ore handlers have left the country, but at Duluth few, if any, of the men have left town, and they are able to put up as strong a front as ever.

Several hundred of them own their own homes, and it has been said that the local strikers could be fought out for a long period in case a settlement is not agreed upon. No meeting of the local strikers was held this morning at the West end, and no reply from the Steel corporation regarding the offer to arbitrate has yet been received.

The closing of the blind pits through Sheriff Bates' action has been an important factor in keeping labor out of the locations. The sale of business in Hibbing has fallen off, too. The men who formerly spent their money in Hibbing are now taking care of it now, for they foresee the time when they will need it for necessities of life.

The boarding cars, owned by the Duluth, Hibbing and Northern road, have been run down on the ore docks from Proctor, and it was stated this morning that the guards were taken to the docks this morning.

PETRIELLA ARRESTED

(Continued from Page 1.)

The range. About the same mines are working today as were being operated yesterday at the same time. The men are gradually dropping back into their old jobs. The Clark mine, owned by the Mesaba range, is working and the Chisholm mine, forty. Night shifts will be put on at some of the mines tonight or tomorrow.

THE NASHWAUK AFFAIR.

Seven Strikers Are Arrested for Disorderly Conduct.

Nashwaug, July 30.—(Special to The Herald.)—The seven men arrested here yesterday are now in jail at Grand Rapids.

Their hearing was held last evening. The county attorney came over from Grand Rapids at 10 o'clock, and they were promptly sent to the county seat, where they are being held under arrest.

During the morning the strikers held a meeting, which was attended by Sheriff Houlahan. The sheriff made a speech, telling the strikers that he was an officer of the law, and would enforce it. He said that if the men held another meeting he would arrest them.

Later in the afternoon the men gathered again, and the sheriff hastily collected about 150 deputies in the Hibbing and Chisholm districts. The men were under arrest and dispersed the meeting. The men were charged with disorderly conduct.

Attorney John A. Keyes of Duluth, who is representing the men, came to Nashwaug last evening and found his clients gone. He threatens to bring suit against the sheriff on the part of each man arrested, but his men are already in jail.

Mayor Riser issued an order forbidding all parades and gatherings of the men in the Nashwaug district are all working with practically full forces.

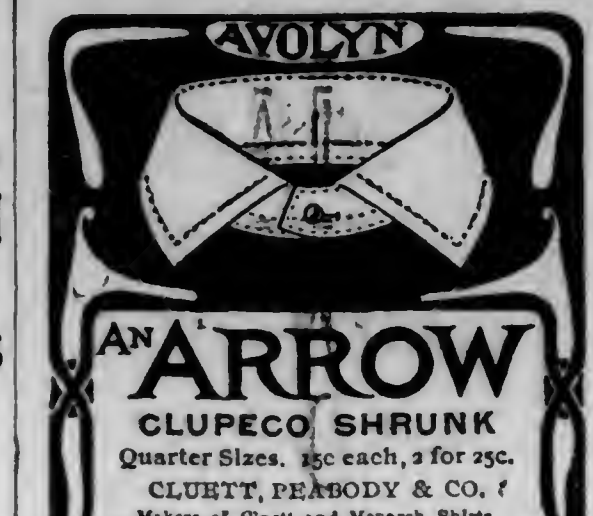

STRIKE GIVEN HARD JOLT

By Large Number of Men Who Returned to Work.

Hibbing, Minn., July 30.—(Special to The Herald.)—The strike inaugurated on the Mesaba range last week was given a hard jolt yesterday in the Hibbing and Chisholm districts. Only was there a great deal of stripping work under way, but ore was taken from a number of the underground mines that were not operating at all last week and stockpiled. Some of the independent were operated.

None of the mines had full crews. That condition was the result of the fact that the men who went to work yesterday morning, however, were larger than the mine operators hoped for, and they were feeling pretty good over the situation last night. The larger crews yesterday meant that the men are going back to work regardless of the threats which are still being made to them by strikers, who make a second notice pinned on his door in the morning, which purports to be a notice on a callows, bearing the inscription, "This is the second notice." If an attempt is made to serve a third notice, the person attempting it is likely to get a warm reception.

It is believed by the mining men and

the citizens here that the fact so many men worked yesterday and harm befall them will give confidence to the timid men who want to work and have been kept scared away from the mines by threats of death. As fast as these see that the strikers are bluffing and that ample protection is afforded them, they are going back to work.

The Herald stated yesterday a number of the mines where underground operations were renewed, but omitted to mention the Chisholm mine, where thirty-five men started work when the whistle blew in the morning. The mine was closed down all last week. The Clark No. 4 shaft, which was reported yesterday morning to have thirty men at work, really had sixty men, while the Glen No. 2 shaft had forty men as compared with a dozen or fifteen Saturday.

Through a slight misunderstanding the men near Hibbing, was taking out ore. The operations in this mine have not yet reached the stage of taking out ore. The usual work in the mine was under way yesterday.

Besides the other stripping work mentioned at the Mesaba range, the mines yesterday, similar operations were on at the Mahoning, Hultius, Leona, and Stevenson. The Drake-Stratton company is the only concern working a day and a night shift. The underground mines only a day shift is being attempted, but night shifts will be put on as soon as the number of men returning to work will warrant it.

The strikers here are acting in an orderly manner. After their meetings they disperse, as a rule, to their homes, and do not attempt to do anything in an orderly manner. After their meetings they disperse, as a rule, to their homes, and do not attempt to do anything in an orderly manner.

The absence of drunkenness is one of the remarkable features of the strike. The men are not drinking, and the strikers are not drinking. The strikers are not drinking, and the strikers are not drinking.

WEST DULUTH

HOLD TWO FUNERALS.

Services Over the Remains of Nels Anderson and Henry Alger.

The remains of Nels Robert Anderson, who was drowned at Astoria, Wash., July 14, arrived in West Duluth this morning and were taken to Richter's undertaking rooms. The body had been in the water for some time, and the condition of the body was such that it was necessary to hold two funerals, one for the morning and one for the afternoon.

The funeral for the morning will be held at 10 o'clock, and the funeral for the afternoon will be held at 2 o'clock. The funeral for the morning will be held at 10 o'clock, and the funeral for the afternoon will be held at 2 o'clock.

Picnic at Fairmont.

The annual picnic of the Sunday school of Merritt Memorial Methodist church will be held at Fairmont park, accompanied by their elders, will enjoy the picnic at the park and there will be games and other forms of amusement for the youngsters. The picnic draws out a large crowd of children and older people each year, and a large number are expected to attend tomorrow.

West Duluth Briefs.

Louis Larson left yesterday for his

were confiscated and their owners were fined from \$15 to \$20 and costs. The deputies scattered about Hibbing do not hesitate to accost strikers and ask them if they have guns. If there is reason to suspect the men are not telling the truth the officers are prompt in searching them.

Sheriff Bates, who returned to Duluth yesterday noon, has an excellent organization of his force over the Mesaba district, and while he is not telling the public its real strength, enough has been learned to give assurance that he has the situation well in hand if any trouble does start. The prospect of trouble, however, is remote. The citizens believe, however, that the show of strength made by the deputies on the various locations yesterday had a good moral effect on the strikers, and that those who want to work and who have been afraid to do so.

Assistant County Attorney Otto Poirer of Virginia is in Hibbing yesterday to prosecute the case against Michael Mullen, whom Judge Brady bound over to the September grand jury on the charge of grand larceny in the second degree. Mullen is accused of breaking into William French's place in the town of French, June 12 last, and with stealing a rifle, some cash and liquor. Mullen, arrested at Virginia Mullen is said to have had the stolen rifle in his possession.

FINNISH MINE WORKERS' Representative Saari, Says Majority Regard Strike as Ill-Advised.

John Saari, member of the house of representatives from the Forty-ninth district, is in Duluth today. Mr. Saari, on being asked what the attitude is of the Finnish mine workers in regard to the strike in the iron range said: "I believe that the overwhelming majority of the Finnish employees of the various mines and companies on the ranges regard this strike as ill-advised and inopportune. If it were not for the socialist agitators and the possible intimidation of some of the strikers, most of the Finnish mine workers would assume that they themselves are not responsible for this trouble, but have been brought about by the agitators who have everything to gain and nothing to lose in bringing about this disturbance. They are constitutionally disinclined to work and they don't want others to work. The men are willing to see this and are consequently becoming dissatisfied with such leadership. These socialist leaders are simply parasites on the working men."

I want to correct an erroneous impression which seems to prevail among the people of Duluth in regard to the part of the Finnish mine workers in this strike. The people think that we Finns on the ranges are a lot of slow-witted, stupid people. We are not. We are slow-witted people. We do not believe in the idea of a strike, but we are not constitutionally disinclined to work and they don't want others to work. The men are willing to see this and are consequently becoming dissatisfied with such leadership.

The whole history of our race proves that we are not and never have been an aristocratically inclined people. No Finn has ever been known to affiliate with the aristocrats, either in the philosophical or revolutionary. In the late crisis of the Finnish people, when there was every temptation to march, anarchistic tendencies, we remained peaceful. We depend on education, and we are not in the least violent. The conduct of the Finns in our recent successful strike from Russia is a fine example of the Finnish people. It is true that the Finnish Socialists carry the red flag in their parades, but they do not regard it as the emblem of anarchy, with the idea of it to symbolize Socialism. To them it represents the idea of the unity of the whole human race. The blood of the whole human race is red, hence their use of the red flag. I am not a Socialist. I do not believe in the entire reconstruction of our present institutions. Nevertheless, I do not think it fair to the people of Duluth to say that the Finns are a lot of slow-witted, stupid people. We are slow-witted people. We do not believe in the idea of a strike, but we are not constitutionally disinclined to work and they don't want others to work. The men are willing to see this and are consequently becoming dissatisfied with such leadership.

CONCERNING

Some of the West end young girls are spending their summer vacation in about as profitable a manner as is possible. Under the direction of Mrs. McCurdy and Miss Florence Holbrook about 200 girls are equipping themselves to captivate the hearts of the coming generation of young swains. These girls are learning the art and science of cooking and sewing. The classes which are being held in the Adams school are doing a great deal to make future homes happier by teaching the coming housewives the proper way of keeping house, cooking substantial, delicious and appetizing meals. The girls in the sewing classes are taught how to cut and make their own clothes, thus saving a very large item in the living expenses.

If the girls who are only to reach a man's heart through his stomach be true there are 140 girls that have started on the right road. These 140 girls are divided into classes of twenty and receive instruction from Mrs. McCurdy twice a week. She teaches them practical and theoretical cooking and housekeeping so that when they finish the course they can very capably take charge of a house.

Boat Club Excursion.

One of the delightful events of the week was the trip to the Spirit Lake annex by the Duluth Boat club last night. The members of the club left on the steamer Fremont at 6 o'clock and ate supper on board the boat. After visiting the new buildings and spending a short time about the grounds, the guests spent the rest of the evening

Mme. Vale's Hair Tonic

FOR CHILDREN AND ADULTS

Antiseptic and Hygienic

A Hair Tonic—Just what it is. It supplies nourishment, the elements of growth, which, when absorbed by the hair, circulations and beautifies it in the same way that sap glorifies the foliage of a tree. Even where the follicles are seemingly dead, if the scalp is massaged daily with Mme. Vale's Hair Tonic a vigorous growth will be produced. It has been proven by the fact that it has been used for years by the "great hair grower."

It stimulates the most stunted growth and makes the hair magnificent, healthy and beautiful. By its use women can provide themselves with a trailing mantle of hair—a woman's natural raiment, her bower.

Mme. Vale's Hair Tonic is prized equally by men and women, particularly when the hair begins to weaken or fall. Cures baldness, grayness, splitting of the hair, dandruff and all diseases of the hair, scalp and beard. One application usually stops hair falling. A nursery requisite, no mother should neglect to use it for her boys and girls; when the hair is made strong in childhood it remains proof against disease and retains its vigor and youthfulness throughout life.

Mme. Vale's Hair Tonic is a colorless, fragrant, delightful hair dressing; neither sticky, gritty, nor greasy, makes the hair soft, fluffy and glossy. Contains no artificial coloring; would not soil the whitest hair; restores original color by invigorating the scalp and re-establishing normal circulation and proper distribution of the live coloring matter. Beautiful hair redeems the plainest countenance and any one can secure it by using Mme. Vale's Hair Tonic. Now in three sizes. Our special price

Bridge Party.

Miss Ethel Farmer of 316 East Third street, was hostess at a delightful bridge party this afternoon in honor of her guest, Miss Link of Paris, Ill. The game was played at ten tables and a pleasant afternoon was spent by the young society women.

Golden Wedding.

Mr. and Mrs. E. C. Houser, Forty-fourth avenue east and Superior street, are celebrating their fiftieth wedding anniversary today.

Fieldman-Crystal.

One of the most important social events of the week in West Duluth circles was the wedding of which Miss Bertha Fieldman of West Duluth and Leo Crystal of New York were united in marriage. The ceremony was performed at 2:30 Sunday afternoon in the Great Eastern hall by Rev. Teplitz. The bride was Miss Anna Hall, and the groom was attended by David Fieldman.

Personal Mention.

A party composed of Mrs. William Davenport, Miss Anna White, Frank House and William White, Jr., left this morning in the White's touring car for a trip to Minneapolis and St. Paul.

Mr. and Mrs. Archie B. Kenney of 141 Levee road returned home yesterday on the Huronic from a three weeks' visit to Montreal, Quebec, Toronto and Detroit.

WHAT RETAIL MARKETS OFFER

Home grown peas, 40 cents a peck.
Home grown beets, 3 bunches for 10 cents.
Home grown carrots, 40 cents a peck.
Head lettuce, 3 heads for 10 cents.
Summer squash, 3 for 25 cents.
Crocked necked squash, 15 cents each.
Home grown sweet corn, 30 cents a dozen.
Watermelons, 40 cents each.

The weather man has redeemed himself the past month and made up for the weather he sent down on us this spring. Consequently the home garden is not late as they were expected to be and now the farms near and about Duluth are sending in quantities of home grown vegetables. The housewife will welcome the coming of the local vegetables with great joy, even the best cook can not cover up the faults of canned peas, beans, or corn, nor can the patience of a job stand the variety of canned goods that have, of a necessity to be endured in the winter time.

LOST A LEOPARD.

White City Attendant Was Given a Bad Scar.

Considerable excitement was caused at the White City last Sunday morning. It seems that directly after the parade which was given Saturday and in which Miss Pauline Russell and her performing leopards appeared, they were taken to the White City. Mr. Cohen, the attendant, was compelled to leave the White City right after the parade, and therefore left those used in the parade in the care of Charles Willis. One of Stewart's employees, who transferred two of the leopards to the parade, when he was called to the telephone in the waiting line, drove the vehicle to have them to the aerial bridge came along, and thinking they were all in the smaller cage loaded them on his wagon. When Willis returned from telephoning, he saw that two of the leopards had been taken away, and thought the third one was not wanted, and did not mention about it.

Effect of Strike on Navigation Will be Long Felt.

Boats Are Already Badly Bunched at Big Terminal Ports.

Even though the strike is settled immediately and the docks at Duluth, Ashland and Two Harbors again resume operations, it will be several weeks before navigation on the lakes will be going at the usual summer stride. The three weeks of the strike so far has made a big difference and it will take time for normal conditions to resume.

At present as a result of the strike the greater part of the season are running around the lakes in an almost aimless manner looking for cargoes. Many of them have been engaged in the coal carrying traffic.

The fleets are bunched at each end of the route. Many are waiting at Duluth and Superior, more at Two Harbors and still more at the lower lakes ports. The Ashland and Marquette docks have taken care of a number of boats since the strike began and are still loading many.

On account of the fact that boats have become badly bunched at both ends of the route it would take several weeks to get them scattered out again and more of less delay would result. The same condition will be true of the season after the blockade at the Sault before the ice went out.

The big strike has not affected the ore trade alone. The whole freight situation along the coast is being affected. The coal trade has been considerably affected by the strike. The lumber trade has remained about the same and the package freight business has not been greatly affected by the strike.

READY FOR BUSINESS

About Ninety Here to Attend Municipal League Meeting.

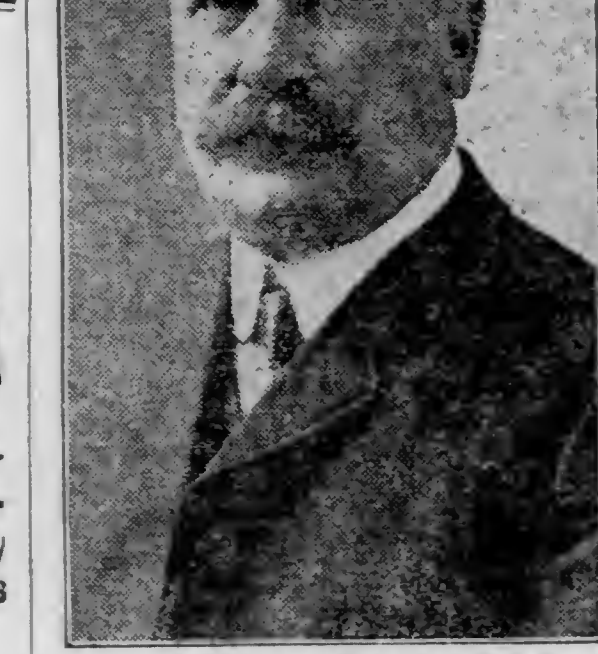

Interesting Program Arranged—Morning Session is Dispensed With.

The annual meeting of the Minnesota Municipal and Commercial League opened at the Commercial club this afternoon, at 2:30 o'clock, with about ninety delegates in attendance. The first session was to have been held this morning, but owing to the fact that only fifteen or twenty delegates were able to reach the city last night and on the early morning trains, it was thought best to postpone calling the convention to order until this afternoon, thus allowing those coming in on the midday trains a chance to be present. The convention will last three days, and all the business sessions will be held in the afternoon.

held in the rooms of the Commercial club. Among the prominent delegates who were here this morning were Attorney General E. T. Young, who will give an address on the railroad question, President L. A. Rosing, who is listed for re-election as head of the organization, D. C. Armstrong, a prominent banker of Albert Lea, Minn., and chairman of the parks and playgrounds committee of the league, Mayor J. G. Aronson of Stillwater, and W. C. Webster of Rochester, secretary of the league. Probably the attendance will not run over 50 delegates at any time during the meeting. few things about the league and its purpose. This was followed by the appointment of convention committees, and other routine business. The discussion of the railroad question was to have been the first order of business, but the other business may not be completed in time for this important subject to receive consideration today. State Senator Thomas E. Cushman of Owatonna will also give a talk on the railroad question, and after he and the attorney general have finished speaking, there will be a general discussion of the subject. These railroad talks are expected

NO DISCRIMINATION AGAINST THE FINNS

Information was received from the ranges today that the strike leaders in their efforts to obtain the unflinching allegiance of the Finnish miners had represented to these men that they must win this fight or leave the country. When this matter was brought to the attention of the Steel corporation officials they expressed regret that such untruthful statements should have found any credence. They made clear to interests friendly to the Finnish miners that their fight was in no way directed against them personally; that there would be absolutely no discrimination against any nationality and that the miners of that race were good workmen whom they hoped would return peaceably to their places at the mines when opportunity was offered them.

CHARGED WITH GRAND LARCENY

Hibbing Photographer Said to Have Stolen \$1,000.

Charged with having stolen \$1,000 from his cousin, John Miller, a Hibbing merchant, John Miller, a photographer was arrested as he was stopping off from a train in the union depot here today by Detective Frank Schulte. He was arraigned in municipal court charged with grand larceny and his hearing was set for tomorrow afternoon at 2 o'clock. Miller had been living with his cousins in Hibbing. He had a dark room in the back part of their residence where he used in developing pictures. Several days ago Mr. and Mrs. Miller, his cousins, drew out \$1,500 in gold and silver and paper money from the bank. For safe keeping, they stored it in Miller's dark room. When they went to get it Saturday all the money, amounting to \$1,000, was gone. No one knew of the money being there, it is claimed. Miller said he believed that he was the only one who had access to the dark room. He denies any knowledge of the theft. His cousin came down to Duluth yesterday to swear out a warrant for his arrest, and when Miller left Hibbing this morning, friends wired to his cousin here of the fact. The warrant was hastily issued, and he was arrested.

EPISCOPALIANS TO HAVE OUTING

Second Annual Event to be Held Next Thursday.

The annual outing of the Episcopal churches of Duluth will be held Thursday. The steamer Mascotte has been chartered for the occasion. It will leave the Fifth avenue west dock at 9 a. m., proceeding down the bay to a point near the Superior entry, where an ideal place for the holding of a picnic, and pulling off athletic events, has been selected.

The churches represented will be Trinity Pro-Cathedral, St. John's and the Park Point mission. The affair will be in charge of Rev. A. W. Ryan, Rev. A. R. Parker, Rev. Arthur H. Wurtelle and Richard Close. It will be the second annual outing. Each church will be represented by a ball team, and a silver cup will be awarded the victors. The indications are that the day will be a very pleasant one to those attending. The return to Duluth will be made at 6:30 o'clock in the evening.

COLE'S SUMMER HOME.

President of Oliver Mining Company Planning Fine Michigan Residence.

Crystal Falls, Mich., July 29.—(Special to The Herald).—The plans are being prepared by an architect for a handsome summer residence for Thomas F. Cole of Duluth, president of the Oliver Mining company, which will be constructed at Clark's lake, near Sylvia lodge. The building will cost about \$20,000 and will be novel in appearance, being constructed almost wholly of logs.

LID LIFTERS ARRESTED

Frank Horgan Demands a Jury Trial Next Week.

If Found Guilty Council Will Probably Revoke License.

The council is likely to have the saloon license revocation put up to them squarely in the near future, Frank Horgan, who operates a saloon at 110 West First street, was arrested this morning on a warrant sworn out by Sergeant Herman Fritz charging him with keeping his saloon open last Sunday. He was arraigned before Judge Cutting, pleaded not guilty and demanded a jury trial, as the prosecution was brought under the state law. The trial was set for next Tuesday afternoon at 2 o'clock.

Should he be found guilty the council will have the proposition put up to them in exactly the form defined in the policy adopted by it. Horgan will have had a jury trial, under prosecution brought by the state law.

There is, of course the chance for an appeal in case of conviction, and Horgan may keep the matter dragging through the courts for an almost unlimited period. Another saloon keeper, Sixtus Lidahl, who runs a third parlor 125 West Superior street, was arrested this afternoon on the same charge. He will be arraigned later. Sergeant Fritz swore out both warrants.

The city fathers also have another saloon fight on their hands in the near future. The Carpenter saloon license in the West end is due to come up, and as this has always been the bone of contention between full and anti-full parties, a lively session is expected.

The Carpenter brothers have leased the ground opposite their present place of business and are planning to construct a building there. They want to operate a saloon in it and their application for a transfer was submitted to the police and license committees of the council last evening.

When the license came up for renewal last fall the residents of 13 district, led by B. N. Wheeler made a bitter fight against granting it, and it is understood that there is to be a fight on the transfer proposition also.

TEACHERS BEING EXAMINED

Seventy-Five Candidates for Permission to Teach in County.

There are now nearly seventy-five teachers taking the county examination for certificates to teach in the schools of the state. The work today was continued by Superintendent Gump in those branches that are required for both first and second grade certificates. Tomorrow teachers will be examined in those subjects that are required for the first grade certificate only. These are geometry, physics, algebra, and other physical sciences, history, and general history. The subjects for the second grade certificate are spelling, geography, composition, and penmanship, United States history, and civics.

Following is the list of those that had registered up to midnight today as candidates for the examination: Mary Foster, Helen Douglas, Florence McLaughlin, Virginia Wilkerson, Holbrook, Edna Hahiroff, Catherine B. McCurdy, Edna Larson, Duluth; Mabel Peratt, Ethel B. Corbin, Sparta; Ina McKenzie, Duluth; Margaret Hennig, Duluth; Mary Snyder, Duluth; Louis M. Pilo, Crystal Bay; Annie Fagstrom, Duluth; Joseph Lawrence Brown, Duluth; Fannie Cunningham, Hibbing; Beattie Butchwick, Duluth.

BULLET FIRED INTO STORE.

Humane Officer at Marshalltown Has Narrow Escape From Death.
Marshalltown, Iowa, July 29.—While Dr. Ross Leibel, humane officer, was sitting in a store, a bullet fired through a plate-glass window. The bullet narrowly missed Dr. Leibel and several others standing near by had narrow escapes. The person firing the bullet has not been identified, but is believed to be some boy who has a grudge against the officer, as he has been active in prosecuting truants and incorrigibles.

A SCIENTIFIC BREAKFAST

Easily Prepared.
Rightly selected food will alone cure many diseases.

Try a scientific and healthy breakfast—Fruit of some kind perfectly cooked; a dish of Grape-Nuts with cream; two soft-boiled eggs; (Put two eggs in a tin pint cup of boiling water, cover and set off for nine minutes. Whites will then be the consistency of cream and most easily digested) slice of hard crisp toast, cup of Postum Food Coffee.

On that breakfast you can work like a horse and be perfectly nourished until noon. Your nervous troubles, heart palpitation, stomach and bowel troubles, kidney complaints and various other disorders will gradually disappear and firm solid health will set in.

Why? You have probably been living on poorly selected food, that is, food that does not contain the required elements the body needs. That sort of food, and coffee, is the direct or indirect cause of more than half the ills the human body acquires.

Grape-Nuts is a perfectly cooked food and both that and the Postum Food Coffee contain fine microscopic particles of phosphate of potash obtained in a natural way from the grains of the field and by scientific food experts incorporated into food and drink. That element joins with the albumen in food to make gray matter, which is the life of the brain cells and the nerve centers throughout the human body. A man or woman thus fed is scientifically fed and rapidly grows in vigor and vitality, and becomes capable of conducting successfully the affairs of life. To produce a perfect body and a money-making brain, the body must have the right kind of food and the expert food specialist knows how to make it. That is Grape-Nuts and the Postum Food Coffee, produced at the pure food factories of the Postum Co., at Eastland Creek, Mich. Read "The Road to Wellville," in pgs. "There's a Reason."

CAN'T COLLECT FOR HORSES

Mining Company Not Responsible for Animals Grazing on Property.
Judge Dibel of the district court this morning sustained the demurrer of the defendant in the case of Charles Paavola against the Shenango Furnace company, agreeing with the contention of the defendant's attorney that there is not sufficient cause of action alleged in the complaint. He gives the plaintiff the right to amend.

Paavola sued for the death of a horse. The furnace company mines at Hibbing and had some underground work. On the property Paavola claims cattle and horses were allowed to graze, and his was among them. One day the ground which had been undermined gave way, and the plaintiff's horse was lost to him, for which he wants \$20.

The court holds that there was no contract for grazing privileges shown in the complaint, and that there was nothing on the surface to indicate that the ground was not safe, and for these reasons the complaint is insufficient.

ASKS FOR NEW TRIAL.

Case of Zimmerman Against Wilson May be Heard Again.

Argument was heard by Judge Dibel in the district court this morning on the motion of the plaintiff for a new trial in the case of A. E. Zimmerman against Andrew Wilson. The plaintiff asked \$4,000 damages for trespass on his land. It appeared that Wilson had a contract to cut certain timber, and Zimmerman claims he exceeded it in cutting timber below the size agreed to, and also in cutting from land for which he had no contract. The defense maintained that the land cut over without contract could not be distinguished from the land cut under contract. The jury decided in favor of the defendant. The plaintiff seeks a new trial, on the ground that the court erred in giving definite instructions to the jury and in laying stress on certain contradictions.

BURGLARY CHARGE

Michael Mullin of Hibbing is Held to Grand Jury.

Michael Mullin of Hibbing has been bound over to the next term of the district court on the charge of burglary. He was arrested and taken before Judge

Brady at Hibbing, where he waived examination and was brought to the county jail this morning by Deputy Sheriff Johnson.

Mullin is charged with having broken into the warehouse of W. H. French and Joseph Flower of Hibbing, in the night time, and to have got away with a 30-30 Winchester rifle and seventeen cigars. The value of the rifle is given as \$12 and that of the cigars as \$1.75.

SOX WIN A POOR GAME

Both Pitchers Hard Hit and Errors Are Numerous.

First Game in Copper Country Won by 11 to 9 Score.

Houghton, Mich., July 30.—(Special to The Herald.)—Both Duluth and Houghton played poor baseball yesterday and Duluth won, 11 to 9. It was a fierce contest. Both pitchers were pounded all over the lot and there were boots, heaves, and fumbles galore. It was one of the poorest exhibitions of the year and there have been some bad ones on the local grounds.

The lead zig-zagged back and forth for seven innings and the eighth opened with the score a tie. Then the Sox began to get at Kaiser. There was a regular tide of runs around the plate. When the score keeper got back to earth and took stock, the Sox had three doubles, a couple of singles, and five scores. In the error column on the Houghton side, the Giants tried to get them back in the final inning but two runs short of a tie.

Olsen led in the batting, with three singles and a three-sacker in six times up, and Hanny came next with two doubles and a single. Lighty counted three singles and a grand slam, and Helling were the only men in the game, who didn't get at least one.

PIPER LONE HARD HITTER

One Man in the Entire League is Hitting Over .300.

Duluth Players Are Far Down in the Ranks of Hitters.

The Northern-Copper Country League has exactly one .300 hitter in its ranks at present. Larry Piper, the Winnipeg outfielder, enjoys the unique distinction.

The averages, sent out by President Glass last week, put three within the charmed circle, but only covered one game to July 9. Figuring in the games from July 9 to date, with the exception of those played at Winnipeg last Saturday, some of the sluggers are brought down.

Chester Cox, who was leading the league with .327, has taken a fearful slump. The chester is now hitting a puny .281, and his slump keeps up much longer there's no telling where he will land.

Sinner of Calumet is the only one of the real sluggers, who has kept his level. Sinner was batting .296 July 9. Now he is hitting .298, an increase of .002. Meyers, who was hitting .300, is now down to a level with Cox at .282.

Duluth is lost in the hitting department. Anderson hit .296, but he only played a few games and can't count. Sinner's regular, Cummings dropped from .273 to .267 and he's still leading the field of regulars at that figure.

McCormick shows signs of improvement, coming up from .246 to .261, but that isn't near the figure he should be hitting at. The regulars in the crowd are down below the .250 mark and Manager Tracy and Williams of the regulars are below.

One fact can be gleaned from the averages. The Northern-Copper Country league has a punk lot of hitters and the White Sox have more than their share in the ranks of the weak ones with the club.

CLIPPERS DEFEATED.

Fittwits Win Close Game From Superior Nine.

In a game played on the driving park diamond at Superior Sunday afternoon, the Fittwits team of Duluth defeated the Superior Clippers by a score of 7 to 6. Both Murphy and Henderson pitched excellent ball, and, though errors were numerous, the score was close enough to make the game interesting at every stage. The Clippers were let down with two six hits in the eighth. Fittwits gathered but eight off the Clipper pitcher. The batteries were Murphy and Withrow for the Fittwits and Henderson and Smith for the Clippers.

Longboat Wins Relay Race.

Ottawa, Ont., July 30.—In five-mile race Tom Longboat, the Indian runner, defeated a relay of three men. He covered the distance in 25:25, which is one minute and one second better than the former Canadian record.

IN KING EDWARD'S POCKETS.

Ti-Bits: Like every man who values the look of his clothes, King Edward carries very little in his pockets besides a handkerchief. In his waistcoat pocket he carries a gold pencil case, a cigar, a little passkey, a gold watch, carefully regulated by Greenwich time, and half a dozen sovereigns. In his coat pocket he carries a tiny note book and in the winter he puts his gloves in the pocket of his topcoat.

King never carries a cigar case, except a gold case which holds one cigar, but he almost always has a small box of cigarettes. Unlike his nephew, the Kaiser, he never carries a fountain pen in his pocket.

INTEREST IN COPPER

Talk of Douglas County Deposits Again Being Revived.

Property Being Quietly Picked Up on Mining Range.

Considerable interest is being again taken in the possibility of development of some of the copper properties in Douglas county, Wis. It is rather a concealed interest but it is there just the same, and something in the line of important developments is expected before a great while.

The facts of the matter seem to be that the copper properties have been interested in the propositions in Northern Wisconsin are again getting into the situation and are buying property. The Weyerhaeuser interests are these principally at work and they are going along quietly and picking up a large amount of the property and getting options on more. That there is a good deal back of what has been given out, seems to be the case.

Property that is being picked up by the Weyerhaeuser interests is down on the mining range in the southern part of Douglas county and in the western part of Bayfield county. Some years ago these interests did a large amount of work on this range, especially at one proposition, putting in a good deal of money. Extensive machinery was put in and things looked like business but all at once there was a cessation of work. It was given out that the tests had been unpromising.

After the cessation of work the expensive machinery was left at the property and was well taken care of. Watchmen were employed to keep things in shape. Following a period of quiet of some duration a diamond was reported as being in operation in the interest of these same people. Following this work

WHEAT HAD WEAK TONE

Bad Weather and Rust Reports Have Some Effect.

The Range of Prices is Small—Flax is Lower.

Duluth Board of Trade, July 30.—In the face of unfavorable weather reports from foreign countries, more reports of black rust from Dakota and the Saskatchewan district of Canada, wheat had a weak tone in the American markets today. The new had little influence either way, however, and the range in the price of wheat in all markets was small. Prices went off in Duluth, Minneapolis, St. Louis and Winnipeg, and up in Chicago, New York and Kansas City.

The September option was 1/4c up in Chicago, 1/4c off in Minneapolis, 1/4c up in St. Louis, and 1/4c up in Kansas City. The December option was 1/4c up in Chicago, 1/4c off in Minneapolis, 1/4c up in St. Louis, and 1/4c up in Kansas City. The May option was 1/4c up in Chicago, 1/4c off in Minneapolis, 1/4c up in St. Louis, and 1/4c up in Kansas City. The October option was 1/4c up in Chicago, 1/4c off in Minneapolis, 1/4c up in St. Louis, and 1/4c up in Kansas City. The wheat market was quiet and prices were steady. September option was 1/4c up in Chicago, 1/4c off in Minneapolis, 1/4c up in St. Louis, and 1/4c up in Kansas City. The December option was 1/4c up in Chicago, 1/4c off in Minneapolis, 1/4c up in St. Louis, and 1/4c up in Kansas City. 220 WEST SUPERIOR ST.

STREET CARS.

NOTICE TO THE PUBLIC.
This company operates a street railway line in the city of Duluth between Third avenue east and the end of Rice's Point, and another street between Third avenue east and Superior between Twenty-first and Second streets. These lines are separated by the waters of St. Louis bay, and are operated as two distinct and separate lines.
The fare for a continuous ride in one direction between any two points on either one of these lines is 5c.
The public is hereby notified that this company does not, by undertaking to carry any passenger, or by accepting fare for such carriage, assume any responsibility beyond that of carrying such passenger safely between points on the above mentioned lines.
This company is not responsible for close connections, nor safe transportation between the above mentioned lines by any ferryboat or other means of transportation. While the employees of this company have been instructed to keep themselves posted and give upon request all the information they can as to the probability of making connections with other transportation lines, the company has no better means of forwarding information than that which the public has, and, therefore, cannot be responsible for any loss or damage resulting from failure to make such connections.

THE ORE DOCK STRIKE ENDED

ATTEMPT OF STRIKERS TO INTIMIDATE MEN AT CHISHOLM MINES PROMPTLY SUPPRESSED

Armed Deputies Corral Them and Drive Them Back.

Warned That Further Demonstration Would Result Seriously.

Peaceful Miners Are Encouraged and Are Returning to Work.

TEACHERS BUNKOED

Members of College Faculties Victims of Confidence Men.

"Eminent Scholars" Secure Loans and Get Checks Cashed.

(By a Staff Correspondent.)
Hibbing, Minn., July 31.—(Special to The Herald.)—Herd like sheep by ten armed deputies in charge of Deputy Sheriff Magie, 600 striking miners, who started out early this morning to sweep the entire Chisholm district and intimidate the men who were at work there, were driven back along the county road into the hall from which they started, and there, after being treated to a fierce tongue lashing from the chief of police, were dispersed.
The strikers assembled early this morning at Chisholm, and started out along the county road planning to make such a demonstration of their strength that the men working at the different locations in the Chisholm district would be induced to quit work. Deputy Sheriff Magie got wind of the trouble, however, and he had a number of deputies stationed at the locations, armed with high-power rifles.
He also met the men with ten armed deputies, who completely blocked the road. The 600 strikers stopped on meeting this obstruction, and attempted to argue, but the deputies simply ordered them back. Two busy strikers attempted to argue with Deputy Sheriff Magie, but he caught them by the shoulder and swung them around. Then with the deputies bringing up the rear and driving the 600 strikers along the dusty road like so many sheep, the procession marched back to town. The men were driven back into the hall from which they started and here Chief of Police Madden, figuratively speaking, took off his coat and said to the men: "The men over with a broadside of the warmest kind of United States language and that that there was any more 'monkey business' there would be 'blood shed.' Many of the strikers here are for weapons, but there were no signs

JEROME IS IN CHARGE

Of the Present Investigation of the Armenian Blackmailers.

Every Force at His Command Working Zealously in Case.

New York, July 31.—District Attorney Jerome has taken personal charge of the investigation into the plots of the Armenian blackmailers, which led to the assassination of H. S. Tanshanian, and all the forces of the district attorney's office and the police department worked zealously today to ferret out more clues that would lead to the arrest of the murderers, who are believed to have masked their operations under the name of the Hunchakists, the Armenian revolutionary society. Several Armenians appeared today in the district attorney's office and were closely questioned as to methods of the dreaded band of blackmailers, who systematically extorted large sums of money from their wealthy countrymen under threats of death. District Attorney Jerome is seeking every possible bit of information concerning Father Levant Martirosian, the Armenian priest, who is held in the Tombs under \$25,000 bail for attempted robbery. A trunk is reported to have been found in Lowell, Mass., where Redus Hampry-on lived, which is said to contain papers revealing the plots of the blackmailers. Handwriting experts examined today several letters which were sent to rich Armenians demanding money. The district attorney will handle the handwriting of the Armenians now under arrest. The blackmailing letters demanding sums ranging from \$10,000 to \$25,000. The police have discovered that certain Armenians not only extorted money but ran a "fence," where stolen goods were disposed of. The police believe that the blackmailers will not only have been guilty of extortion but have been robbing their victims as well.

RAMESES II WAS A FRAUD

According to Late Reports Made by Egyptologists.

London, July 31.—Egyptologists claim they have discovered that Ramses II was a fraud and that he is not entitled to the appellation of "great," which historians have given him. Recent explorations, it is stated, have developed the fact that many temples and monuments bearing his name and therefore, supposedly his work, existed 1,000 years before him. The explorers believe the king was vain and caused his name to be cut everywhere.
Prof. Naville, one of the official explorers of Egypt, in Egypt, had this to say about Ramses:
"The more we discover about Ramses the more convinced we are that he was a fraud. He was not great in any way, but his vanity was colossal. To satisfy this he conceived the notion of inscribing his name to be inscribed on every temple, statue and monument that he imagined would stand the test of time. The plan succeeded only too well for many years. In consequence of it, explorers united in deciding that he must have been a great king. Now we are beginning to find him out."

JAPS BOUND FOR VANCOUVER

Eight Hundred Will Sail From Honolulu on Thursday.

Victoria, B. C., July 31.—News of further charters of steamers to carry Japanese from Honolulu and the prospect of Japanese steamers being brought home to enter the Coale carrying trade between the Hawaiian Islands and British Columbia, together with the reports of the recent influx of Hindus, is exciting labor men of this province. The steamer Indana is said to leave Honolulu tomorrow with 800 Japanese for Vancouver, and O. Y. Ho, a Honolulu Japanese, is sending for a Japanese coasting steamer, which will be placed regularly in the trade.

LUNATIC HOLDS UP A TRAIN WITH PITCHFORK.

Owosso, Mich., July 31.—John Debrau, an escaped patient from the Pentecite asylum, yesterday held up a train with a pitchfork. The engineer stopped to avoid running him down. Debrau thought he owned the railroad and had a right to stop the train.

BUSCH OUT OF DANGER.
Schwabach, Prussia, July 31.—The physician in attendance upon Adolphus Busch of St. Louis, who has been seriously ill at his villa near here, announced today that Mr. Busch was now out of danger and improving gradually.

SHERIFF HOOLIHAN IS BACKED BY STATE, SAYS GOVERNOR JOHNSON

Governor Johnson upholds the sheriff of Itasca county and assures him that the state will back him up in his efforts to enforce the laws and preserve order.

The Herald was in communication with Governor Johnson at 11:30 this morning in regard to a telegram sent by County Attorney Thwing in asking for troops to preserve order at Nashwauk. The governor says he informed County Attorney Thwing, that in his opinion up to the present time, conditions do not warrant sending the militia, as matters are comparatively quiet from all information he has in possession, at the mines at Nashwauk.

In regard to complaints made against the arrests of some of the strikers by Sheriff Hoolihan and his deputies, the governor received telegrams from County Attorney Thwing and Sheriff Hoolihan, stating that the arrests were made on valid grounds and justified, to which Governor Johnson made reply in substance: "Your information entirely satisfactory, and the state will sustain you in every effort to uphold law and order."

The governor denied that any request had been received for the removal of Sheriff Hoolihan.

King Frederick of Denmark Establishes Commission.

Reykjavik, Iceland, July 31.—At a banquet given in his honor last night King Frederick of Denmark, who, accompanied by Prince Herald, Premier Christensen and forty members of the rigsdag, arrived here yesterday, announced his policy regarding the future relations between the Danish crown and Iceland.

"I have inherited the kingdom as a unit," said King Frederick, "and as such it shall remain from generation to generation, but I have also inherited from my father the tradition that the Icelanders are to be a free people who will co-operate with the king in framing the laws under which they are to live. I have therefore established a commission, consisting of members of the Danish rigsdag and the Icelandic althing, to arrange the legislation to define the constitutional position of Iceland in the realm and to find a form under which the freedom of Iceland may be built up and protected while at the same time the unity of the realm is preserved and ensured."

MEN DECIDE TO RETURN TO WORK

Shipping Will be Begun From Missabe Docks at Once.

Friendlier Feeling Exists Between Company and Men.

The ore dock strike is settled. Not beaten or whipped, intimidated by strike breakers, but realizing that they could not secure the demands they made, the dock workers this afternoon voted to accept the terms of the Steel company and return to work tomorrow morning.
The company will give the old men preference and will show no discrimination against the strike leaders. In fact the men and the employers seem to be on much better terms than before the strike was called, and it has apparently served to bring them into a better understanding of each other. The men recognize that the company is disposed to treat them fairly, and the company better appreciates the need of the men.

The reply of the company to the demands of the men was placed in the hands of Mayor Cullum this morning about 9:30 o'clock. The mayor immediately took a car for the West end and presented it to the meeting of the men. For more than two hours it was discussed pro and con, and finally the men, under the advice of the labor leaders, voted to return to work.
The communication of the company was as follows:
"Hon. M. B. Cullum, mayor, city of Duluth—Dear Sir: We are in receipt of your communication addressed to you, under date of the 29th, inst., from a committee of the ore dock men, in which you requested us to resume work at once, and we assure you that there will be no discrimination against any of them, and that no additional men will be employed until all of our old employees are given an opportunity to return to work, if they so desire.
"We desire to commend the dock employees for the peaceable and law abiding manner in which they have conducted themselves during the past two weeks, and beg to assure you that if, and when the strike is ended, it shall be our purpose to give the men through committees representing all our employees, every opportunity of taking up, from time to time, with the officials of the company, matters of mutual interest or concern and to treat with them
"In all matters with the same degree of fairness that we have always accorded."
"We believe that the dock employees will find it for their own best interests to resume work without delay. If, however, they decide otherwise, kindly say to them that we shall feel at liberty to employ other men permanently to take their places at once, much as we regret the necessity for so doing."
"So far as we know, only two matters of difference exist."
"1. The question of open shop."
"2. The rates of wages."
"You and the men well know our position on this first question. For fourteen years past we have consistently stood upon the broad policy that we have the inherent right to employ any man seeking to enter our service irrespective of whether he is affiliated or not with any organization or association and without regard to nationality. We believe our position here is unassailable and, in fact, as you will recall, the committee of our dock employees, in their communication to you dated the 27th inst., expressly disclaimed that they were making any demand upon us for the 'closed shop' policy."
"In regard to the rate of wages, permit us to say that the present scale to be effective until Oct. 31, 1907, was the result of a verbal agreement between all the dock employees, represented by their own committee and the company. This agreement was made at a conference at which eight men representing the employees were present, and was thoroughly understood and assented to by both parties at that policy."

EXPLOSION KILLS FOUR

Boiler on Illinois Central Engine Lets Go Suddenly.

Engineer, Fireman and Two Others Killed; Several Injured.

Milan, Tenn., July 31.—Four persons were killed outright, and another fatally injured, and ten others seriously hurt at a late hour last night, when the boiler of an engine attached to a fast Illinois Central fruit train north-bound exploded near this place, wrecking the train as well as another freight train standing in an adjacent siding.
The dead: Engineer Maloney, Chicago; Robert Henderson, fireman, Jackson, Tenn.; two tramps unidentified.
Fatally injured: A. B. Lynch, trainman, Jackson, Tenn.
The train was running at a high rate of speed when the explosion occurred. Both trains caught fire and will be destroyed. The cause of the explosion could not be ascertained at this hour.

MUST STAY IN PRISON

Judge McPherson Refuses Capt. Kirkman's Application.

Decision is Important as Bearing on Military Prisoners.

Topeka, Kan., July 31.—Judge Smith of the United States district court for the Southern district of Iowa, filed an opinion here today with the clerks of the federal court denying an application for a writ of habeas corpus made by George W. Kirkman, ex-captain of the United States army, now serving three years in the federal prison at Leavenworth, Kan. The decision is important as bearing upon the matter of time of allowed military prisoners for good behavior. It is Kirkman's second rebuff in an effort to secure release. Capt. George W. Kirkman was convicted of court-martial at Fort Niobrara, Neb., on two separate charges. Under one he was sentenced to imprisonment.

OLD BUREAU IS CLOSED

Free Employment Bureau Operated by City is Discontinued.

Started Several Years Ago and Was Great Success.

After nearly four years of activity and success the Duluth city free employment bureau will be closed after today and its work will be done in the future by the state free labor bureau under the superintendency of James Walsh, the local labor commissioner.

It was a well known fact last spring that if the state should establish a bureau the city free employment agency would be discontinued after a few months, as one well conducted agency of the kind could take care of all the business which will be done in Northern Minnesota.

As the city bureau was established by the city council at the request of the labor organizations of the city, the trades and labor assembly took the initiative a few weeks ago and sent a communication to the council to the effect that the labor interests were now willing that the bureau should be discontinued. As a result the council decided to discontinue the business on Aug. 1.

During the last two years the bureau has been in the charge of Patrick Haley and the success of the institution from the standpoint of the number of men who secured work through it speaks well of Mr. Haley's management. Mr. Haley has now been made an inspector of bridges for the Great Northern railroad and will commence his new duties some time in August.

Since the early part of June, when the state labor bureau first began to operate, Mr. Haley has been assisting Mr. Walsh, the superintendent, in getting started, and most of the men applying at the city bureau have been informed that the state is now conducting a bureau on Fifth avenue.

As a result the business of the city bureau has greatly increased, while that at the city agency has fallen off more or less.

In many ways the state bureau is much better equipped than was the old city agency and its success in the future is already practically assured.

FUNERAL OF HUNTINGTON

Will be Held Thursday With Burial in France.

Versailles, July 30.—The funeral of Maj. Henry A. Huntington, who died at his residence here yesterday afternoon, will be held at the English church here tomorrow at 11 o'clock. The body will be taken to France by special train and will be buried in the cemetery at Versailles. The funeral will be held at 11 o'clock and will be attended by a large number of guests. The body will be taken to France by special train and will be buried in the cemetery at Versailles.

Alvin Huntington, who was shot through the lung, is still in a precarious condition. The bullet lodged near the heart and has not yet been extracted. His condition is still critical and he is expected to die.

Henry Huntington was examined by a doctor today and found talking at times. He has been unable to walk since the shooting. He is expected to die.

THIS IS A SAFE STORE

When a concern adopts the one-price idea—and holds strictly to it—as we are doing, and have done, it is done to protect our customers and gain their confidence. Without this confidence we could not hope to succeed, knowing full well that misrepresentation would tear down in a week perhaps, what it has taken us years to build, a reputation for square dealing, in every sense of the word. Strictly one-price to all at this store, and that price always as low or lower than can be obtained elsewhere, for the same quality. Again

"This is a Safe Store" COME AND SEE.

The Fulton Go-Carts

It's astonishing how many of these little carts we have sold, but when one stops to think how practical and convenient they are, no wonder. This little cart shown in cut at left—folded and open—is the finest little cart of its kind on the market—folds up perfectly flat (small enough to be put in a trunk or suit case), and has reclining back and lift up dashboard—it is very light, yet strong enough to wear for years. Seat and back are upholstered in leatherette—frames are light and strong—wheels have rubber tires. Do not fail to see the "FULTON" at BAY-HA'S before you choose your Folding Cart.

THE PRICE IS \$9.00, and the cart the equal in every respect—finish, style and durability—to any cart sold elsewhere for \$15.00 and \$16.00.

We are also showing a good line of Wicker Carts and Cabs and English Perambulators.

The Hoosier Kitchen Cabinet

Have you ever stopped to think what a great summer convenience one of these splendid Cabinets is? Think of this Cabinet (remember it's the Hoosier) standing right at your stove—say two steps away—containing your flour in sifter flour bin already for use, your kitchen utensils in a convenient place right at your fingers' ends—not scattered here and there and everywhere, so that you are compelled to search all over for them. Your spices, your meal, dried fruits, sugar, right before you; coffee, tea, etc., right where you want them, and last but not least, this superb cabinet (the Hoosier) has a fine large aluminum molding board on which you have plenty of room for all operations. This cabinet, with everything before you, saves you hundreds and hundreds of steps every day in a hot kitchen—and not only are they a great labor-saving device, but are an exceedingly attractive piece of furniture. They are all oak, handsomely finished in a rich golden finish. We sell them at factory prices and on payments of \$5 DOWN AND \$5 A MONTH.

Former Actress Says She Will Not Return to Stage.

Says She is Taking Singing Lessons to Kill Time.

New York, July 31.—Mrs. Evelyn Nesbit Thaw gave an authoritative statement to the Associated Press today concerning her plan, declaring that she has no present intention of returning to the stage, but will devote her energies to the study of music. This statement was called out by a published report that Mrs. Thaw intended to take a leading role at a Broadway theater.

Mrs. Thaw visited her husband in the Tombs after she made the statement in which she declared she had no intention of returning to the stage. Mrs. Thaw was dressed in a dark brown cloth suit, and from a black sailor straw hat fell a white veil, which did not conceal the frequent smiles which punctuated her story of her plans.

"No, I have not the slightest intention of going back to the stage," Mrs. Thaw said, "and I am quite sure that I don't know where such a report came from. I have started to take singing lessons at the suggestion of my physician, who says that I have some slight affection of the vocal chords. My health, otherwise, is perfect. No, I have never even dreamed of going on the stage. When I first went on the boards I had the idea I was going to be Sarah Bernhardt. The second, that I was going to be a great success. The idea soon died after one or two rehearsals, and now I would never think of going back to the stage. I am simply going to study music to strengthen my voice and develop it, but it's too early yet to say what I shall be able to do, for I have only taken one lesson."

"I intend to remain here in New York all the summer and fall until the trial, I shall not return to Pittsburgh. I spend as much of my time with Mr. Thaw as the prison rules allow, but I

found so much time on my hand in the afternoon and evenings that I took up the study of composition, English, history and philosophy. Now I am busy all the time."

The following signed statement was made by Harry K. Thaw at the Tombs today to the Associated Press regarding the reports that his wife proposed returning to the stage.

"This story like many others is absolutely false, and has been started, I believe for one of two reasons, either to give a false impression of my wife's character and steadfastness with cowardly intent of injuring us all, or simply to fill space."

KILLED BY AUTO. Chicago Chauffeur Crushed by Machine and Companion Badly Hurt.

Chicago, July 30.—One man was killed and another injured, perhaps fatally, in an auto accident at Eighty-sixth street and South Chicago avenue early today. The dead man is A. C. Thomas Norton, a saloonkeeper. Norton was unable to explain how the accident occurred. The machine completely turned over and was found by two policemen, and the body of Temple was discovered pinned beneath it. Norton had been hurled several feet away and was unconscious when picked up.

SEEMS TO BE A HABIT. Man Found Unconscious in France Had Same Experience at Cragston.

Highland Falls, N. Y., July 30.—Maurice Robert Klein, the man who was found in an unconscious condition near a village church in Versailles, France, is reported to be the same man who was found in a similar condition in the grounds of J. P. Morgan's summer home, Cragston, near here, about two weeks ago. When Klein was found in Versailles he had in his possession a check for \$5,000 signed by Mrs. Morgan. Klein was found unconscious on the Cragston estate, and at Mrs. Morgan's direction was removed to a local hospital, where he was cared for and given medical attention at Mrs. Morgan's expense. When Klein regained consciousness he said he had come to Highland Falls, Mont., and was on his way to Paris. In proof of this assertion he exhibited a steamer ticket to give a false impression of his wife's character and steadfastness with cowardly intent of injuring us all, or simply to fill space.

NUDITY OF THE FEMALE FIGURE On McKinley Monument Shocks Good Citizens of Springfield.

Springfield, Mass., July 31.—The nearly nude allegorical female figure, which is the salient feature of the McKinley memorial at Forest Park, is a hot weather issue in Springfield. The figure is attached to the massive granite column which is surmounted by a bust of the late president. Both figure and bust are of heroic proportions, the intent being to have them appear life size from a considerable distance.

The memorial was dedicated in October, 1905, and from the day of the unveiling women have been unabashed at the scantily concealed display of feminine curves. When the statue was unveiled many of the handkerchiefs which fluttered enthusiastically as the unveiling was drawn back was instinctively used to cover the eyes of fair owners.

The sculptured bronze represents Victory upholding the palm of a justly earned reward. Critics of the figure aver that Victory is clinging to the granite to hide her nakedness, and that the sculptured gauze which rests lightly across Victory's shoulders, and leaves the arms and one knee entirely uncovered is insufficient, even for a midsummer garb. A Civil war veteran recently commented that Victory was more shocking than "Asbury Park bathing suits."

The lines of the figure, which leave nothing for the imagination, do not meet with the approval of rural sightseers. In several instances out-of-town school parties have vetoed Forest park because of the statue. In one case the children were confined to another part of the park while the

PASSENGER TRAIN WRECKED BY A CRANK

Grand Forks, N. D., July 31.—(Special to The Herald.)—A telegram from Havre, Mont., tells of the injury of Mail Clerk Davy of this city on passenger train No. 3 of the Great Northern at Toledo, seven miles east of Havre. Fireman John Penzo was killed, and John Miller, a cook, seriously injured in the wreck. The train was wrecked by an insane man, who threw the switch, and calmly watched the wreck which killed one man and injured several others. When arrested he declared he was "Jesus Christ for the second time on earth."

GREAT INTERESTS IN MUNICIPAL PLANTS

Duluth's Municipal Affairs
Attract Attention of
League Delegates.

An Important Paper on
"Taxation" Read by
F. L. McVey.

Sewage systems, municipal ownership in Duluth, and cattle occupied the attention of members of the Minnesota Municipal & Commercial League during practically all this morning's session of the league, at the Commercial club rooms. George W. Cooley of the state highway commission was to have read a paper on "Street Paving and Road Building," but as he had not yet arrived in the city, this part of the program had to be dispensed with.

City Clerk Chadwick read a paper prepared by City Engineer McGilvray, explaining of the work of the city's sewerage system. It was explained that a system of the kind employed on lower Lake avenue, which has been in frequent mention in the press, was the most practical for the city, and that where gravity was not sufficient to do away with the sewage. Considerable interest was manifested in the paper by delegates who were present, and Mr. Chadwick was called upon to answer many questions concerning it. Tomorrow morning, from 9 to 9:30 o'clock, will be open to inspection of the visitors, and the city engineer will be on hand to answer any questions that may be asked regarding it. The system has been a remarkable success, and does away with the sewage of the city in only 10 cents per 1,000 gallons.

In connection with city improvements, the subject of Duluth's municipal gas and water plants was mentioned, and Mr. Chadwick was called upon to answer many questions concerning these plants. He told of the very great success Duluth has met with in municipal ownership, and gave statistics regarding the water and gas supply, showing the economy and cleanliness of the commodities after the city assumed control, that interested the delegates considerably.

Dr. Murray, city health commissioner, had something to say on the same subject. He told of the improvement in the city's health since the water plant was taken over, and the pumping station moved farther down the lake, so as to insure a purer supply of water. He also mentioned a hundred cases of typhoid fever she now has scarcely one. The typhoid epidemic several years ago was mentioned, and Dr. Murray said they were entirely due to the impure water supply. Since the new pumping station has been put in operation, he asserted that not a single case of typhoid fever has occurred in the city water supply, and further stated that, while the local hospitals have had typhoid cases, thirty-eight out of every thirty-nine of these cases came here from the city water supply.

While Dr. Murray occupied the floor, he was asked concerning his experience with tuberculosis in the city. He replied that he had not seen a case of tuberculosis in the city for some time, and that he believed the health of the city was much improved since the water plant was taken over. He also mentioned the fact that the city had a very low death rate, and that he believed this was due to the pure water supply.

Public sentiment is with the health authorities in their campaign for clean milk. It is a fact that the city has a very low death rate, and that he believed this was due to the pure water supply. He also mentioned the fact that the city had a very low death rate, and that he believed this was due to the pure water supply.

Dr. Murray said that a fact that Duluth is now getting the best and purest milk of any city in the state. He also mentioned the fact that the city had a very low death rate, and that he believed this was due to the pure water supply.

Mayor Haynes of Minneapolis took advantage of an invitation extended by President Rosten to address the league on hand. He said he had come to listen and to talk. He told a funny story, and spoke briefly of the progress of the city's health and sanitation. He also mentioned the fact that the city had a very low death rate, and that he believed this was due to the pure water supply.

At which Dr. Murray in chairman spoke along the line of health and sanitation. The feature of the afternoon meeting was a paper read by F. L. McVey, of Duluth, on "Taxation." Mr. McVey spoke in part as follows:

These properties amounted in 1906 to \$22,350,000. In the determination of these valuations for taxing purposes, 2,000 assessing officers were engaged in 2,300 assessment districts.

These facts regarding the valuation of property in the state of Minnesota, indicate the immensity of the problem and the difficulty with which any sort of execution of tax laws is accomplished, when administered in a district of 84,000 square miles by an army of assessors some 2,500 in number, without any direct or immediate supervision by a central authority.

These constitutional provisions place two requirements upon any system of taxation that might be adopted by the state legislature, first, that all property shall be taxed equally; and, second, that all property shall be taxed at its true value.

Under these provisions, the state has attempted for a period of fifty years to administer the tax laws. From the time the state was organized, passed constitutional amendments which have added to the original provisions concerning the taxation of property in the state, but none of these provisions have been able to carry out these two requirements. Experience has shown that lawmakers may build upon the basis of the present system, but it is not a system which can be carried out in an entirely different way from that which was originally conceived. It is tried in the crucible of human nature, and if it is to be carried out, it must be carried out in a way which is in accordance with the elements of human nature, it is altered and changed, usually for the worse.

There can be no dispute as to the proposition that taxes are paid out of resources and from services; that taxes are paid out of the pockets of the people, and that taxes are paid out of the pockets of the people.

The purpose of taxation is revenue, secure with the least friction and the greatest justice to all concerned. It is a fact that the city has a very low death rate, and that he believed this was due to the pure water supply.

As has been indicated before, the Minnesota tax system is a very complicated one. It is a fact that the city has a very low death rate, and that he believed this was due to the pure water supply.

As a more complex organization of government and of industry has come into existence since the creation of the tax system in this state, and we now possess, as a means of assessing the value of property, a system of taxation which is somewhat antiquated and far from satisfactory.

It is the purpose today to discuss, briefly, to be sure, some of the more general phases of the taxation situation in Minnesota.

that but a comparatively small part of personal property pays any tax.

As a matter of fact, the real weakness of the system is found in the assessment of such property as is placed upon the tax rolls. While real property bears the major portion of the burden, the inequality of the assessment of personal property, indicating the lack of system and the absence of anything like general supervision over the assessment of such property. When it comes to the assessment of personal property, it may be said that the system practically breaks down, and that the real needs of the state are not met.

Better System in Poland.

The weaknesses of the present system of taxation in Minnesota are greater today than at any time in the history of the state. Since the report of the Commission of 1902, are beginning to appreciate the need of a better system of that able report and therefore to look forward to something more in accordance with the real needs of the state. There seems to be more general agreement upon fundamental facts in the past and the economic conditions are rapidly forcing us to alter the system because it will be no longer able to carry out the purpose of recognizing the working of the forces, the state can move gradually to a more satisfactory and juster system of taxation.

System Is Antiquated.

As has been indicated before, the Minnesota tax system is a very complicated one. It is a fact that the city has a very low death rate, and that he believed this was due to the pure water supply.

DOG FLAGS A TRAIN.

Kansas City Times: In Muskogee a negro, who drives the street sweeper, has a fine bird dog, which walks ahead of the sweeper at night and carries a lighted lantern in his mouth. The other night as he was crossing the railroad track he stopped a minute to look back and see if the sweeper was coming. Being a dog of happy disposition he wagged at the same time. The switching crew saw the light moving and stopped their train. It moved again and they started, and this see-saw motion was kept up for some time, until the engineer and conductor saw the dog and stopped. It is needless to say that after this he will work only on signals that are given higher from the ground.

LARGE WILD CAT KILLED

Farmer Finds Beast Making Away With One of His Ducks.

He Fires Many Shots Before Dispatching the Brute.

Crookston, Minn., July 31.—(Special to The Herald.)—John Michelson's trusty shotgun dispatched a large wild cat which has been on exhibition here. Mr. Michelson lives four miles northwest of Ellul, where he killed the animal Monday evening. The beast stood thirty inches high and measured three feet in length.

Mr. Michelson was doing his evening's chores when he heard a disturbance near a slough. He ran to the water and saw a monster wild cat which had leaped into the water and had a large tame duck in its mouth. He ran at once to the house and secured his gun and fired at the animal at close range. He wounded it but as it showed light he gave it the other barrel and continued the fusillade till thirteen volleys had been fired and the wild cat gave up the ghost.

The animal was very poor, and seemed ravenously hungry. Careful watch will be kept in an endeavor to locate a litter of young ones.

CLOQUET VOTERS FOR WATER BONDS

Proposition is Carried by About Eight to One.

Cloquet, Minn., July 31.—(Special to The Herald.)—At the special election held here yesterday the question of issuing \$50,000 water bonds was voted upon. The bond issue carried overwhelmingly. The votes cast at each pole were:

Years—First ward, 195; nays, 7.
Years—Second ward, 142; nays, 24.
Years—Third ward, 27; nays, 11.
Total years, 364; nays, 42.
Years, 222 majority.

The plan is to procure water from Spring lake and pump it from there into a large pressure tank within the city and laying mains from there on Arch street and on Clouet and Carlton avenues to Sixteenth street, and having the two mains connected on this street, making a complete circuit of the town. \$10,000 was raised this year for water purposes by paying 66 cents on every \$100 of assessed value. The waterworks construction has already been begun and now that the voters of Cloquet have decided to issue the bonds, work will progress rapidly.

GREAT DRAINAGE DITCH FINISHED

Twenty-Three Miles Long and Will Drain Large Section.

Crookston, Minn., July 30.—(Special to The Herald.)—The biggest judicial drainage ditch ever completed in Northern Minnesota has been accepted for the contractor after a careful inspection by Judge Watts of this city, Judge Grindeland of Warren, and George A. Ralph, engineer of the state drainage board.

The big waterway is known as Judicial Ditch No. 1, and while it lies entirely within Cook county it follows closely to the boundary of Marshall county, and as the lands in that county are prevented from being watered by the waters which the ditch takes care of, they are assessed for a portion of the cost of construction.

The big ditch carries off a vast volume of water which would eventually find its way in to the Snake river and thence into the Red river. It is twenty-three miles in length including a lateral ditch eleven miles long. The big ditch averages ten feet in depth and is from twenty-four and twenty-eight feet wide at the bottom and from forty-eight to fifty feet wide at the top.

It cost over \$600,000 to complete it, and the work of construction has been in progress for the past four years. It drains the entire northern portion of Cook county and carries an immense volume of water as the fall in sufficient to make a good stiff current. From year to year this will wash the ditch deeper and deeper and while there will be places where a little cleaning out will be necessary no expense of material proportions will be incurred.

TORTURES HIS SONS.

Pine County Farmer Alleged to Have Been Free With a Pitchfork.

Stillwater, Minn., July 31.—(Special to The Herald.)—William Bohemann of Pine county, has been committed to the county jail for a period of sixty days in default of paying a fine of \$20 and costs imposed by August Gunn, a justice of the peace of Pine county, in the county of Pine.

The commitment states that he was convicted before the justice of abusing his sons, Martin and Adolph, who are under 16 years of age, with a pitchfork and using other means of torture.

SUMMER SCHOOL ENDS AT BEMIDJIE

Successful Session of Five Weeks Was Very Well Attended.

Bemidjia, Minn., July 31.—(Special to The Herald.)—The state teachers' training school held here during the past five weeks has come to a close, after a term of excellent work on the part of both the teachers and the instructors.

The counties represented at the school were Beltrami, Clearwater, Norman, Hubbard, Crow, Wadena, Cass, Itasca, Hennepin and Red Lake.

Prof. E. T. Carroll of Wadena was conductor, and the instructors were Prof. J. H. Hay of Thief River Falls and Miss Belle Richards of Duluth, instructor in the state normal school.

During the session of the school, lectures were delivered by Rev. Isaac Port of this city, Rev. C. C. Clemens of Duluth and Rev. H. J. McVernon of Long Prairie.

The total enrollment at the school was 62; average daily attendance, 46; average age when attendants began teaching, 18 years; number holding second-grade certificates, 22; number taught in graded schools, 2; number taught in ungraded schools, 46; average months taught, 17; number of high school graduates, 5; certificates of perfect attendance, 12.

Those who were perfect in attendance at the school were the following: Florence Huse, Maud Murray, Ellen Gleason, Ellen Halladay, Selma Anderson, Dora Nellie O. Erickson, Edna C. West, Ella R. Larson, Mattie Loen, Cella Ryge, Marie Ryge, Rose Gladie, S. J. Jensen, Myrtle M. Schwartz, Mamie Thayer, Alfred Lundgren, Alvin M. Anderson.

TRAIN TO LITTLEFORK.

Service Established on New Line From Big Falls Monday.

Big Falls, Minn., July 31.—(Special to The Herald.)—At 6 o'clock Monday morning the first train scheduled for Littlefork left this place. The latter is the present end of construction on the Minnesota & International road. For the present the train service will be under the construction department of the Northern Pacific, the matter being under the immediate supervision of G. W. Huss, chief engineer on the construction work.

The train will leave Big Falls at 4 a. m. and will arrive at Littlefork at 6 a. m. It will leave Littlefork at 6:30 a. m. and reach Big Falls at 8:30 a. m. It will be a combination, passenger, freight and construction train, and will be of immense convenience to business men interested in the towns along the line. There will be no intermediate stops. The train will be composed of 2-6, 3-6 and 1-3 miles from Big Falls. Upon the completion of the line to International Falls, the train will be of course be turned over to the Minnesota & International for operation, but at present that company has no intention to do with the operation of these trains.

WORK MEN OVER TIME.

Railroads Said to be Flagrantly Violating the Present Law.

St. Paul, July 31.—At the last session of the legislature a law was passed prohibiting a violation of employment contracts for longer than sixteen consecutive hours. Heavy penalties were imposed for a violation of the law, but it was held that it would tend to minimize accidents by reason of overworked employees. Reports of flagrant violations were brought to the state legal department, and the attention of the roads was at once called to the complaint. In answer, the counsel of one of the big railway systems, operating in the state, has written the department that he is not aware of the law, but on his advice the road will not pay any attention to it, holding that it is superseded by the same prohibition, but giving the roads of the country. He holds, therefore, that the state law is of no value.

Attorney General Young has no objection to what he will do in the matter, but it is understood that he will, without delay, begin a vigorous prosecution for violation of the state law. This matter, like the rate controversy, may also get into the federal courts, but in the meantime the railroad companies will insist on a strict compliance.

MINNESOTA IN BRIEF

Stillwater—Since Tuesday the state-wide factory at the prison has been operated three hours overtime each day, in order to make as much time as possible before the harvest is over. Orders have been coming in at an unprecedented rate, and it is expected that the limit they cannot all be filled.

St. Paul—Secretary of Agriculture of the Minnesota state fair has begun the active campaign in the country for the advertisement of the fair by starting out a force of men to travel over the several railroad lines, visiting the cities and towns of Minnesota and the nearer parts of the other Northwestern states.

Hennepin—Frederick N. Fleischer of the firm of Fleischer Bros., tailors, on Vermillion street, died suddenly Monday from heart trouble, aged 61 years. He was one of Hastings' best known business men.

Crookston—The corn crop in the Red river valley this year will be the best ever raised, and much larger in extent, the average this year being at least double of any previous year.

Crookston—State Engineer George Ralph accompanied by his crew of surveyors consisting of Messrs. Steiner, Steiner, Marcus and Carol Day left Sunday evening for Carleton, Wilkins county, where they will be engaged in doing the state ditching survey work.

St. Paul—Miss Willie Lyle and wife and their niece, Miss Lyle Helmer of Duluth, and Mr. and Mrs. Frank Wright, recently returned from a tour of the state. They left Monday and spent the day en route.

Brainerd—Andrew Olson, who has been working at Frost Lake for some time, was charged with drunkenness. He said before Judge Albertson Monday morning that he had been having a time and had \$18.18 left. He was given a fine of \$5 and costs or ten days in jail.

St. Cloud—Octave E. Hesse, who has been on the S. S. Champlain for the past two years, arrived in the city Monday for a few days' visit with his parents. Hesse left his ship in the Bremerton navy yards near Seattle. He has been employed as seaman on the boat and has traveled through most of the Atlantic and Pacific.

WISCONSIN

COUNTRESS HAS A WILL

Woman Who Recently Secured Divorce of Strong Disposition.

Central Figure in Case Was Born Near Marinette.

Marinette, Wis., July 31.—(Special to The Herald.)—There is no little interest in this section over the recent news from London about the countess of Rosslyn's divorce. Anna Rosslyn, as she was known before her marriage, is the countess of Rosslyn, was born in Peshigo, this county, and is the cousin of W. H. Robinson, a well known contractor of Marinette. Her father lived in Peshigo during and after the great fire of 1871, and later moved to Minneapolis, where Anna went on the stage and met Count Rosslyn and married him. She is remembered by old settlers in Peshigo as a bright and precocious child, who had a will of her own.

JOHN DIETZ STILL HOLDS THE FORT

Plucky Wisconsin Man Continues in State of Siege.

Oscoda, Wis., July 31.—(Special to The Herald.)—John Dietz is still holding the fort at his fortified residence near here, according to E. W. Hill of Ladysmith, and A. E. Roese of Oscoda, who recently called upon him. As they approached the house, they were met by a few personal friends, who were coming, he ran out to meet them, as they are old friends. They took to the mail, which consisted of 103 magazines and newspapers and about thirty letters.

Dietz held the fort and provisions his family will need up to next February. He goes about his farm just as any other people. However, where a militia man crawled up into the brush, Dietz has had it all cleared so that there is not a space of several rods to which any one can be seen who attempts to approach the house.

Two loaded rifles stand on a rack. Mrs. Dietz is annoyed by stories of danger and entertainments in the house. Only a few personal friends have been there she says.

Among the articles in the house are three or four boxes of socks and of the militiamen, which were found in the woods after his cowardly partners deserted and left him to die.

OBJECT TO TERM.

Wisconsin Colleges Don't Want to be Referred to as Being "Small."

Ripon, Wis., July 31.—(Special to The Herald.)—Led by Dr. R. C. Hughes of Ripon college the colleges of the state have agreed to declare war on the use of the words "small colleges" in the press.

The agreement includes Beloit college, Lawrence university, Carroll college, and other institutions of this class. The colleges of this class are small and large, as distinguished from the university class. Hereafter the effort will be made to refer to the colleges as institutions of higher learning, and not as small colleges.

WISCONSIN IN BRIEF

Appleton—The barley and rye crop of Outagamie county will be larger than that of last year, the oat crop will be as good, while the hay will be 25 per cent less than in 1906, according to John Riehl of Center.

He also states that he will be good.

Oshkosh—While taking his horse to a post at the corner of Northwestern avenue and Regent street, Dennis Ryan, a man and Regent street, Dennis Ryan, a farmer living near this city, was killed by coming in contact with a live light wire.

Wausau—The Social Democrats of Milwaukee are making every effort to secure William D. Haywood, head of the Western Federation of Miners, who has been acquitted of the murder of Governor Steinbrecher of Idaho, to speak here at their picnic at Pabst park, Aug. 18.

Sheboygan Falls—Dr. C. M. Cody, a well-known dentist of Sheboygan Falls, has been adjudged insane and committed to the Northern hospital at Oshkosh. Dr. Cody is 36 years of age. He has practiced dentistry for many years.

Spring Valley—Joseph Killmer, the second oldest son of John Killmer, who was accidentally killed at the gun mill mines, three miles north of town by a falling rock, was found by the S. P. M. & O. R. R.

Kenosha—The mystery surrounding the disappearance of John Gillett, a Kenosha lawyer, who has been missing since the first of January, probably never will be solved, as Mayor Gorman has decided to give up the search for the remains of Gillett.

Nearly all old-fashioned Cough Syrups are constipating, especially those that contain opiate. Kenosha's Cough Syrup contains no opiates. It drives the cold out of the system by gently moving the bowels. Sold by all druggists.

UPPER MICHIGAN

BODY TELLS OF TRAGEDY

Seventeen-Year-Old Boy's Head is Blown to Pieces.

He Goes Hunting and He Accidentally Kills Himself.

Houghton, Mich., July 31.—(Special to The Herald.)—Another hunter has paid the penalty for carelessness in handling firearms. This became known yesterday afternoon when the body of a little boy, aged 17 years, was found in the woods a short distance south of town. His head had been blown literally to pieces by the shotgun which he carried. The gun had evidently been discharged as the ill-fated youth was passing through a dense forest, the trigger presumably catching in the brush. The boy left Monday on a hunting expedition and failed to return that night he is supposed to have been killed during Monday afternoon.

PENINSULA BRIEFS

Newberry—Grasshoppers have made their appearance in tremendous numbers in sections of Schoolcraft and adjoining counties, and are reported to be doing damage. The district has but little rain this season, and with short crops indicated at best, this visitation of locusts is causing much anxiety.

Manistique—Falling from the government survey steamer search while the vessel was passing the mouth of Brevoort lake, Lake Michigan, Jeremiah Lund of Manistique, Mich., was killed by drowning.

Houghton—The Nestor estate, valued at about \$20,000, will not be rebuilt, the management states. To restore it would cost \$200,000.

Calumet—At the Lake Superior waterworks the Calumet & Hecla is running a second 12-inch main to the mine location. A large pump has been built for the distribution and filtering of the water, and a system of valves has been installed to permit shutting off either main in case of accident to it.

Calumet & Hecla is remodeling eight old locomotives to standard gauge and has ordered three new ones. By fall the Hecla & Torch Lake railroad will have standard gauge equipment, and the cost of transporting the increasing tonnage.

NORTHOME JAIL BREAK.

Two Men Held for Violating Postal Laws Make Successful Get Away.

Northome, Minn., July 31.—(Special to The Herald.)—Frank Anderson and "Bully" Pohng, the two men arrested recently on the charge of securing money at the postoffice on a money order intended for Johann Baduk, the escaped convict, were held for the money order. They were held for the money order, and they were held for the money order.

THIEVES HAVE NERVE.

St. Paul, July 31.—Minneapolis is the place where thieves with unlimited nerve have been making their headquarters. It was decided to break into the building before it was formally opened. So Mayor J. C. Hayes and other officials of the city were taken there before and removed every bit of brass trimming and all the plumbing.

CROOKSTON MAY SECURE MANUFACTURING PLANT.

Crookston, Minn., July 31.—A. Puntney of Waterloo, Iowa, the patentee of a new handling machinery which is now being manufactured by the Caspary company, at Waterloo, employing 800 men, is visiting the city. He met with a number of the commercial club members where he exhibited models of his apparatus, hay loaders, and hay rakes, with the expectation of interesting local capital and organizing a stock company to manufacture the goods here, where he has close relations with the owners of the goods being sold in Minnesota and North and South Dakota.

The location of such a plant here would be of inestimable benefit as a large number of men would be employed.

NO ONE WANTS JOB.

Indians on Oneida Reservation Must Carry Their Own Mail.

Appleton, Wis., July 31.—(Special to The Herald.)—No person can be found to carry the mail to the Indians on Oneida reservation. This condition has existed since the first of the year, and from present indications it will continue. The government offers \$75 a month for carrying the mail from West Deper to Oneida postoffice three times a week. The distance is 14 miles and the salary for that is 48 cents a trip. No one can be found to take the trip. The only time the Indians get their mail now is when they come to the reservation and has an order from the postmaster.

DAKOTAS

HALF-BREED LOSES CASE

Not Entitled to Share in Estate of August Hedderich.

Legal Fight Over Big Estate Ended in the Courts.

Williston, N. D., July 31.—(Special to The Herald.)—The legal battle over the estate of the late August Hedderich, for years one of the wealthiest men of this section and Northeastern Montana, by which a half-breed Indian, claiming to be a son of the deceased, sought to secure a large part of the estate estimated to be worth about \$100,000, has been decided by Judge Goss of the district court in favor of the widow, Mrs. George D. Hedderich, in accordance with the dead man's will.

When the will was presented for probate an Indian half-breed from Fort Peck Indian reservation in Montana, intervened in the proceedings claiming he was the son of Mr. Hedderich by a marriage with his mother, a full-blood Indian, performed according to Indian rites and customs at Woody Mountain, Canada, in 1879. This alleged marriage was claimed to have taken place some seven years before his marriage to Mrs. Hedderich, the widow. The case was tried in county court in the summer of 1906, and Judge Goss, at the conclusion of the case, held against the alleged marriage to the Indian woman and found that the Indian half-breed contestant was in no wise related to the deceased. An appeal was taken from the county court and a trial by jury demanded.

The case was tried before Judge Goss and a jury. A large and motley collection of Indians and half-breeds attended upon the trial, which extended over a period of more than two weeks. The witnesses included, among others, Old Thundering Bear, who was a participant in the Custer massacre in 1876; Kio Moran, who was official interpreter for the Canadian government upon the trial of the late General Boulton, an Indian rebellion of 1885; Joseph Legare, the French Canadian who in 1884, bought the Indian half-breed, the boundary line and surrendered him to an officer of the United States army, and many other characters prominent in the early history of that section of Montana and Western Canada.

DAKOTA MAY BENEFIT.

Expects to Secure Plenty of Labor From the Mesaba Strike.

Grand Forks, N. D., July 31.—(Special to The Herald.)—North Dakota is viewing the strike of miners on the Mesaba range and the dockmen at Duluth, Superior and Two Harbors, with a spirit of "it will all blow over," as it is expected to result in a benefit to the state in a labor way.

There is a large number of men in North Dakota who are with the mines idle, there is every reason to believe that the miners will come west to work. It is hoped that the strike will be settled by the time harvest is over, and that they can return to work then.

The labor situation in North Dakota is regarded as rather serious, even though a large number of men have been chosen into the state during the past few weeks. Harvest will commence shortly, and when it does, there will be a big demand for help from all parts.

A part of the large number of men now out on strike in the range country should come to the wheat fields. The condition would be relieved considerably. According to late dispatches, these men are coming West, but it will decide to make the trip here in search of work.

DAKOTAS IN BRIEF

Hot Springs, S. D.—Col. A. J. Keller, a prominent attorney, died here, after a year's illness. He was born in Kentucky and was one of the South's most distinguished Confederate veterans of the war. He was an intimate personal friend of Andrew Johnson, Hayes and Garfield. He was the governor of the territory of Washington, which he declined, in Hot Springs since 1884.

He was 72 years of age and has resided here for many years. He was a painter and paperhanger, and former guard at the state penitentiary. He was killed by a falling rock, cutting his throat in Hot Springs. Dependence caused by heavy drinking was the cause.

Mandan, N. D.—A man named Bloomfield, who has a claim close to the Canadian border, reports his two brothers missing, and the indications are that they have been drowned.

Huron, S. D.—Following a prolonged illness, Mrs. Grant, wife of Rev. E. H. Grant, reports his two brothers missing, and the indications are that they have been drowned.

Fargo, N. D.—Amanda T. Chas. has been admitted to probate by Judge Judson. Mrs. Chas. value of her estate is about \$20,000. The bulk of the estate goes to Herbert F. Chaffee, who was appointed executor, and to the three grandchildren of the deceased.

Devils Lake, N. D.—Traffic was tied up on the Great Northern Sunday afternoon as the result of a slight rain at Kelli. A station a few miles west of here, a string of box cars was being taken to one of the stations west of here. When near Kelli several of the cars jumped the track, wrecking crew working over the wrecked cars about an hour.

Fargo, N. D.—Carl Newton, one of the oldest residents of Fargo passed away Sunday after a brief illness. He was a social column here in the pioneer days of the deceased has resided in Fargo since 1879. He was one of the well known characters of Fargo and Moorhead, and was for many years past a draftsman in the employ of the Diamond Joe transfer line. He leaves a wife.

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong? The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

Lydia E. Pinkham's Vegetable Compound

Made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. P. Walsh, of 328 W. 36th St., New York City, writes: "Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, Inflammation and Ulceration, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.
